Roosevelt Leads U. S. Into Field Of Managing Money

Starts Program On Basis Of Newly Devalued Dollar Today

TREASURY READY TO BUY ALL GOLD

U. S. To Have Say In Treatment Of Its Currency In Money Markets

(International News Service)
WASHINGTON, Feb. 1.—President Roosevelt led the nation into the new and aggressive field of managed currency today, with the gold value of the dollar pegged down to 59.06 cents.

At the same time, the executive served notice through his actions that the United States from now on proposed to have a say in the treatment of its currency on the money markets of the world.

On the basis of the newly devalued dollar, gold is worth \$35 an ounce. And President Roosevelt announced the treasury, beginning today, stands ready to buy all gold that anyone cares to sell at this figure. He backed up this announcement with the setting up of a two billion dollar stabilization fund to protect American money against any adverse influences.

Inducement Offered.
Under his newly received monetary powers, the president authorized.

New Castle Will Receive Share Of License Fee Fund

Sum Of \$5,700 Will Be Received Within Next Two Weeks From State

Tentative figures on the amount of money the different cities and towns will receive from the \$1,700,000 fund accumulated from liquor license fees by the state, have been computed, showing that New Castle will receive \$5,700. The money will be distributed within the next two weeks, it was announced at Harrisburg, today.

Pittsburgh and Philadelphia will receive half the total amount of the fund, the tentative check shows. License fees will be returned to the subdivision in which the licensee operates and the check showed that approximately 1,600 eligible subdivisions or cities, towns, and townships, have no licensees within their boundaries.

Other surrounding places will receive the following amounts: Sharon \$4000; Farrell \$3050; Beaver Falls \$1800; Butler \$2000; Greenville \$550.

PA NEW OBSERVES

Coming down Croton avenue this morning, Pa. News saw a sign in the middle of the street, where men were busily working, which read: "Playgrounds Go Slow."

The first page of the 1934 calendar was torn off last night or this morning. And, tomorrow, annual Groundhog day is scheduled. Looks very much like the old groundhog will return to his hibernating den tomorrow.

DILLINGER NOW IN CUSTODY OF WOMAN SHERIFF

Jailed safely in the custody of a woman sheriff, John Dillinger, fugitive desperado convict, is photographed in the Lake county jail at Crown Point, Ind., with officers following his arrival from Tucson, Ariz., where he was captured with three associates, to stand trial for the murder of a detective in a bank robbery—left to right, Sheriff Lillian Holley, Deputy Sheriff Carroll Holley, Prosecutor Robert G. Estell, Dillinger and Chief of Police Nicholas Maker, of East Chicago, Ind.

Dillinger To Be Arraigned

Twenty-two Witnesses File Past Dillinger In Jail And Identify Him

PLANS TO PLEAD TO NOT GUILTY

(International News Service)
CROWN POINT, Ind., Feb. 1.—Twenty-two witnesses who viewed John Dillinger, caged desperado at the Lake county jail here, have identified him as the bandit who machine-gunned to death Policeman Patrick O'Malley during the holdup of the First National Bank in East Chicago, Jan. 15 the authorities said today.

All the witnesses, most of them officers and employees of the bank which was robbed of \$20,382, were positive in their identification.

Dillinger was to be arraigned here today and to plead not guilty. Prosecutor Robert G. Estell of Lake county announced he did not need a confession from Dillinger because he already had enough evidence to send him to the electric chair.

Pals Of Dillinger Will Join Him In Indiana Prison

(International News Service)
CHICAGO, Feb. 1.—John Dillinger's three henchmen, shackled in a steel-barred railroad prison car, were ushered through Chicago in record time today and sent on their way to Michigan City, Ind., to join their chief in the Lake county jail there.

Capt. John Stogge and forty picked detectives, armed with machine guns, riot guns, tear gas and pistols, were at the railroad station when the prison car, bearing Harry Pierpont, Russell Clark and John Mackey arrived.

The prison car was switched from the Rock Island lines to the Michigan Central, without the prisoners being removed, and sped on its way.

DEATH RECORD

Rev. Robert Hamill, 62, Mt. Jackson.
Mrs. Anna Meyer, 27 W. Grant St.
Mrs. Ella Wilson McNaught, N. S. Pittsburgh.

Exonerate Youth In Lover's Lane Shooting

(International News Service)
CLEVELAND, Feb. 1.—Britton D. Young, nephew of Congressman Stephen D. Young, today was exonerated in connection with the "lover's lane" shooting of Carl Metelings, farmer, in December. The Cuyahoga county grand jury refused to return an indictment.

Young told police he shot Metelings when the farmer attempted to drag Miss Ruth Beiter, a local college student, from their parked car.

Stabilization Move Boosts Stock Market

(International News Service)
NEW YORK, Feb. 1.—With financial markets completely dominated by the far-reaching dollar devaluation and stabilization move of President Roosevelt announced after the close yesterday, stocks opened up from 1 to 9 points on a heavy volume of trading on the New York Stock Exchange today. Commodities were also higher.

With initial blocks of stock as high as 10,000 shares changing hands, gold shares made the most spectacular over-night gains, but no group was neglected in the speculative buying rush. Rails, steels, electrical equipment company stocks were all sharply higher.

In terms of the gold franc the dollar was at 61.68 in early trading, as funds flowing back to this country with the uncertainty eliminated, offset to some extent the definite devaluation of the dollar.

Homestake Mining opened up 9 points at 319, Alaska Juneau at 23.

Jury Picking In Trial Of Woman Doctor Is Slow

Attorneys For Both State And Defense Are Careful In Selecting Jurymen

(International News Service)
GREENWOOD, Miss., Feb. 1.—More legal wrangling appeared to be in order today in the trial of comely Dr. Sara Ruth Dean for the "poison highball" murder of Dr. J. Preston Kennedy.

With only four talesmen thus far acceptable to both sides, although 103 prospective jurors have been questioned, the defense was prepared to argue before Judge S. F. Davis today for 12 more peremptory challenges. Each side has six peremptory challenges remaining.

John T. Hicks, a grocery clerk, stood disqualified as a juror today because prosecuting attorneys brought out that forty years ago his forebears had been on friendly terms with the ancestor of the defendant.

Confirmation Of Canal Report Is Eagerly Awaited

Local Officials Of River Improvement Movement Hear Project Approved

OFFICIAL ACTION IS EXPECTED SOON

Washington Board Declares No Official Decision As Yet Reached

Official confirmation is being eagerly awaited from Washington on the approval of the canalization of the Beaver and Mahoning rivers, between Rochester, Pa., and Struthers, O., which would end a long fight for recognition on the part of industry in the Beaver, Mahoning and Shenango river valleys.

While denial is made from Washington today that the United States Army Board of Engineers has approved the project, Secretary Alfred W. Chilton, of the Beaver, Mahoning and Shenango Rivers Improvement Association and secretary of the New Castle Chamber of Commerce, stated today that officials of the Improvement Association have learned from an authoritative source that "the report placed in the hands of General Edward H. Markham, Chief of the United States Board of Army Engineers, has given the project, their stamp of approval."

This report is to be submitted to Congress within the next week.

The report that the Army Engineers had finally given their approval.

WILL ROGERS says:

(Special To The News)
NEW YORK, Feb. 1.—Everything is based on psychology, and I believe that Ogden Mills, as clever and able as he is, picked a bad day to explain to the country that they were prostrate under a tax which they couldn't possibly be able to pay.

Why in 6,000 cities people had on that very day, to lay aside Ogden's speech, in order to dress in silks and plush and enter expensive limousines to get to the ball.

No, Ogden, there was too many silk hats showed up that night to make a tax collector be misled by the cry of poverty. That speech just didn't harmonize with ermine and champagne.

Yours,
Will Rogers.

Blue Eagles To Be Registered

Every Manufacturer And Retail Business And Distributor, Will Get Registered Eagle

TEMPORARY EAGLES WILL BE TAKEN UP

(International News Service)
WASHINGTON, Feb. 1.—Millions of Blue Eagles, each one registered and numbered and the personal property of the individual manufacturer, distributor or retailer are soon to be broadcast from the capital, marking the end of the preliminary period of the NRA.

Announcement to this effect is to be made from the White House, perhaps this week. The proclamation will mark the death of the ubiquitous Blue Eagle which has been distributed rather indiscriminately since inception of the National Recovery Act.

With the issuance of the registered and numbered "birds" the recovery administration will take more stringent methods of enforcement of codes and expect to use punitive methods against all code violators, officials declared today.

The Blue Eagle now in use will be withdrawn from every industry now under the provisions of a code, and in its stead a similar eagle will be issued bearing the name of the code over which it flies, as well as owner of the eagle.

Federal Authorities Take Precautions To Guard Noted Prisoner

(BULLETIN)
(International News Service)
CHICAGO, Feb. 1.—A United States government agent who has been working on the kidnap slaying of Charles Augustus Lindbergh, Jr., ever since that tragedy, arrived in Chicago today by airplane and joined in the grilling of Verne Sankey, South Dakota badman. The government agent came from the New York office, it was said, but his name was not revealed.

By GEORGE C. GALLATI
International News Service Staff Correspondent
CHICAGO, Feb. 1.—Thru hour after hour of questioning by federal agents today Verne Sankey, "America's Public Enemy No. 1," steadfastly denied all knowledge of the kidnaping and murder of little Charles A. Lindbergh Jr., but freely admitted staging two other sensational abductions.

While cloaking the progress of their inquiry in utmost secrecy, department of justice operatives said they regarded Sankey's capture as vital to the Lindbergh case investigation.

The authorities began a searching investigation of the former South Dakota rancher's whereabouts when the infant son of Col. Lindbergh and Anne Morrow Lindbergh was snatched away from the Lindbergh home in Hopewell, N. J., in March, 1932.

Admits Two Kidnapings
Captured here as he reposed in a barber chair, Sankey readily admitted the \$60,000 abduction of Charles K. Boettcher II, wealthy Denver broker, and the \$12,000 ransom abduction of Haskell Bohn, scion of the wealthy refrigerator family of St. Paul.

Sankey was grilled until an early hour today and then whisked away to a secret lockup, still in the custody of federal agents, for a few hours' rest.

Precautions in keeping with his new designation as "America's Public Enemy No. 1," given Sankey by Joseph B. Keenan, assistant attorney general in charge of kidnaping prosecutions, were being taken today.

Two Found Dead In Texas Hotel

Young Physician And Wife Of University Of Texas Professor Are Morphine Victims

(BULLETIN)
(International News Service)
AUSTIN, Tex., Feb. 1.—Breaking open the door of a hotel here today, authorities found the body of the wife of a University of Texas professor and that of a prominent Austin physician.

Both had died from injections of morphine, it was stated. The victims were Mrs. F. C. A. Perrin, wife of a psychology professor, and Dr. Claude Mattingly, brilliant young physician.

Dr. Mattingly lived at the hotel. Mrs. Perrin was last seen yesterday. They had been dead 12 or 14 hours, it was estimated.

Dr. Will Watt, one of the first persons to reach the room, estimated the couple had divided about 45 grains of morphine between them.

Dr. Mattingly was separated from his wife.

Tragic Details Of Death Of Russian Balloonists Told

By LINDSAY PARROTT
International News Service Staff Correspondent

MOSCOW, Feb. 1.—The tragic details of the losing battle fought by the three Soviet balloonists who lost their lives in a crash to the earth after setting a new world's altitude record with a 12,791 mile flight into the stratosphere came to light today.

A wireless message from the doomed craft, picked up by an amateur listener just two hours before the disaster indicated that a heavy coating of ice forming on the balloon in a zone of damp clouds sent the balloonists to their death.

Final Message.
As reported by the semi-official newspaper Pravda, this message, last received from the aeronauts, read as follows:

"Attention! Stratostat speaking: We have struck a zone of damp clouds. The balloon is covered with ice. We are in a dangerous position and dropping. My two comrades are in very bad condition."

It was not certain whether the message was broadcast by Apul Pedeseemko, commander of the ill-starred expedition, or by either of his companions.

Schnader Maintains Federal Government Cannot Collect Tax

CLAIMS VIOLATION OF U. S. CONSTITUTION

(International News Service)
HARRISBURG, Feb. 1.—Attorney General William A. Schnader and his staff today were at work marshalling arguments to be presented in the Dauphin county court next Monday morning in a legal battle to prevent the federal government from collecting almost \$1,000,000 in liquor taxes and license fees from the state liquor stores.

President Judge William M. Hargest yesterday granted a temporary injunction against the state's three federal internal revenue collectors, Alvin F. Fix, Philadelphia, Dr. Leo Mundy, Scranton, and David Lawrence, Pittsburgh. A further hearing on the injunction is scheduled for Monday.

Schnader contended any attempt to collect the taxes and license fees the tenth amendment to the United States constitution and the sovereignty of the commonwealth.

HAS SCARLET FEVER

DeLoree Stroebel, 5, rear 641 South Ray street, has scarlet fever according to the city health bureau's report.

"I keep fit-

In these days of recovery... If I don't, someone else will have my job"

HOW? "Well, I learned years ago that work... wear and tear... takes something out of men and women—particularly those who work indoors.

"Good food and fresh air at night are most valuable, but I found that the so-called simple tired feeling—'let down' some call it—comes from overtaxing one's strength.

"I tore down those precious red-blood-cells faster than my good body could rebuild. A friend told me the story of that grand medicine S.S.S. Now at 4 P. M. I am fit to still 'carry on'."

Why not reason sensibly that when you begin to "let-down" then it is time... before it is too late... to build back your vitality?

If you feel weak... lack a keen appetite... or if your skin is pale... try S.S.S. Unless your case is exceptional, you should soon notice a pick-up in your appetite... your color and skin should improve with increased strength and energy.

S.S.S. is not just a so-called tonic but a tonic specially designed to stimulate gastric secretions, and also having the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-glo-bin of the blood to enable you to "carry on" without exhaustion as you should naturally.

his two assistants, Ilya Oususk and Andrey Vaseko. All were killed when the sealed gondola of the craft broke away from the balloon and crashed to earth in an isolated spot southeast of Moscow.

The message was picked up by a radio fan living at Gomel, near the border between Soviet Russia and Poland while a fleet of Russian scouting planes were streaking thru the heavy fog in an effort to locate the balloon and guide it safely to earth.

The fact that the balloon was heavily coated with ice led to the belief the cables holding the gondola might have become weakened and snapped, throwing the heavy metal sphere to the ground while the gasbag floated away. Persons living near the scene of the crash reported hearing two explosions.

SANKEY DENIES HAVING PART IN KIDNAPING CASE

(Continued From Page One)

federal authorities in guarding their prisoner.

Secrecy surrounded every move of the federal agents, and Sankey was kept out of reach of newspapermen throughout the rapidly moving investigation.

Some Lindbergh Clues

Prosecutor M. F. Kinkead of St. Paul hurried here with clues which he said tended to link Sankey with the sensational Lindbergh case. In his investigation of Sankey's career following the Bohn kidnapping Kinkead declared he had traced telephone calls made by the Dakota rancher to points in New Jersey while the hunt for the missing Lindbergh infant was in full swing.

Ransom notes sent by the kidnapers of Boettcher were in a similar handwriting to those dispatched to Col. Lindbergh, Kinkead declared.

The St. Paul official came here seeking Sankey's extradition to Minnesota to stand trial for the Bohn kidnapping. Kinkead said he also wanted to question the prisoner concerning the \$200,000 ransom abduction of Edward G. Bremer, St. Paul banker, who was seized January 17 and is still missing.

Under indictment

the prisoner is under federal indictment in Pierre, S. D., charged with the Boettcher kidnapping, and unless he is definitely connected with the Lindbergh case Sankey will be returned there for trial, authorities said.

Sankey admitted receiving \$30,000 of the \$200,000 ransom paid for the Denver capitalist's release.

In Sankey's apartment hide-out on the north side, where police arrested a 28-year-old woman giving the name of Helen Matern, federal agents found a small arsenal and \$3,450 in currency.

Reveals New Facts

St. Paul, Minn., Feb. 1.—M. F. Kinkead, St. Paul county attorney, was on his way to Chicago today armed with evidence which may not only link Verne Sankey, mid-western bad man, with the abduction and murder of the infant son of Col. Charles A. Lindbergh, but which also indicates that Sankey had contemplated capturing Babe Ruth, home run king, and Jack Dempsey, former heavyweight boxing champion, and holding them for ransom.

Kinkead, who is carrying extradition papers for the removal of Sankey from Chicago to St. Paul to stand trial for the kidnapping of Haskell Bohn, said before his departure that a local deputy had visited Sankey's ranch in South Dakota and had found papers concerning the Lindbergh case, a picture of Babe Ruth and figures indicating the financial worth of both Ruth and Dempsey.

"The figures on Ruth and Dempsey were contained in a sort of record file," Kinkead said. "And the earnings of the two men and the sources of their income were listed."

Lindbergh May Enter Case

New York, Feb. 1.—Reports were current here today that Col. Charles A. Lindbergh would go to Chicago to participate in the questioning of Verne Sankey regarding his suspected connection with the kidnapping and murder of the noted flyer's infant son.

The reports could not be confirmed, however, and Col. Lindbergh was unavailable for comment. At the headquarters of the New Jersey state police in Trenton it was said that Sankey had long been sought as a suspect in the Lindbergh case and that in all probability someone familiar with the details of the crime would be sent to Chicago to question him.

Continues Denials

Chicago, Feb. 1.—After more than 12 hours of continuous grilling by federal agents, Verne Sankey, 42-year-old South Dakota rancher who turned kidnaper, was reported today to have stuck to his denials that he was implicated in the kidnapping of Charles A. Lindbergh Jr.

Undergoing the relentless questioning with the notorious self-confessed abductor was comely Helen Matern, 20-year-old Milwaukee girl who was seized in Sankey's north side apartment after his capture in a barber shop late yesterday. Labeled "Public Enemy No. 1" of the United States, Sankey steadfastly admitted only that he had had a part in the kidnappings of Charles Boettcher II, Denver broker, and Haskell Bohn of St. Paul, son of the head of the Bohn Refrigerator Company.

Throughout the night and early hours of the day federal agents fired their questions, hour after hour, at the pair as they were held in special offices at the Bureau of Investigation of the U. S. Department of Justice.

Six armed city policemen pat-

rolled the corridor outside the offices.

From within occasionally could be heard the voices of the prisoners, Sankey's patient and resigned, that of Miss Matern tired and frequently hysterical. At intervals Sankey raised his voice in denials of accusations.

From the first the one-time rancher has maintained he had nothing to do with the Lindbergh tragedy, or with the kidnapping of Edward G. Bremer or William Hamm Jr., both of St. Paul.

NEW YORK, Feb. 1.—Dr. John P. Condon, the famous "Jafsie" of the Lindbergh kidnapping case, is "out of town" but his wife won't tell where he is gone.

Asked whether the Lindbergh negotiator, who passed \$50,000 in bills over some bushes to a representative of the kidnapers, had gone to Chicago where Verne Sankey, long wanted as a suspect in the Lindbergh case, is held by the police, Mrs. Condon replied:

"I won't tell you where he went. He left town yesterday."

"When will he return," she was asked.

"I don't know," she answered.

And that was that.

CONFIRMATION OF CANAL REPORT IS EAGERLY AWAITED

(Continued From Page One)

proval to the construction of the necessary locks and dams to provide water transportation on the Beaver and Mahoning, was received here late yesterday afternoon.

New Castle residents are hopeful that Washington authorities in whose hands the matter rests, will give official confirmation to the project soon.

By ARTHUR C. WIMER
Special Washington Correspondent,
New Castle News

WASHINGTON, Feb. 1.—The report that army engineers had approved an Ohio river ship canal to Youngstown could not be confirmed here today.

Checking the report with army engineer officials, Representative J. Howard Swick was advised that somebody had "jumped at conclusions."

The congressman was advised that the Rivers and Harbors Board had made recommendations to the chief of the army engineers concerning the proposed canalization project. The chief engineer in turn will make his own recommendation after studying the board's report. The chief engineer's recommendations will not become available until made public by the secretary of war.

Congressman Swick was told that as yet no report on canalization development had been made public and that any rumors represented mere guess work. He was informed that the chief engineer would probably make his recommendations to the secretary of war within a few days and that the final report and recommendations will become available in the near future.

It was said at the time army engineers that reports that the canalization had been approved were probably based upon the report the board of engineers has forwarded to the chief engineer, officials however, declined to say whether this report approved or disapproved the canal.

Deny Decision Made

(International News Service)

WASHINGTON, Feb. 1.—Flat denials were made by the war department today that any decision had been reached on the Beaver-Mahoning waterway providing for a canal from the Ohio river to Lake Erie.

The United States army board of engineers for rivers and harbors, said its officials were still considering the report of the Pittsburgh district engineers.

If finally approved Major General Edward Markham, in whose hands the reports now rests, will send his recommendations on the project to Congress some time next week.

If the project should be approved, pressure will be brought to bear to classify it as a PWA job costing between 31 and 41 million dollars. Should this barrier be hurdled work could be started comparatively early. The war department, Daniels followed reports from Youngstown, O. that it had been learned from "authoritative sources" that the waterway project had been approved by the army board of engineers.

The funeral party left New Castle this morning for Omaha, Neb., where interment will be made Saturday in the West Lawn cemetery.

Walter Scott Lamm

Walter Scott Lamm, aged 62, 802 Harbor street died at 10:15 this morning of a home after an illness of complications.

He was born at Edenburg June 3, 1871, the son of Eliza and Phillip Lamm and had been in the employ of Miss Carrie Crawford for the past thirty years. He was a member of the First Methodist church.

He is survived by his wife, Mrs. Maude Cox; a daughter, Mrs. M. E. Heckart; four grandchildren; a sister, Miss Minnie Lamm, Edenburg; two brothers: John Lamm of Edenburg and Will Lamm of Pittsburgh, also a number of nieces and nephews. He had a son, Raymond, die in the World War.

The funeral arrangements have not yet been completed.

Rev. Robert Hamill

Rev. Robert Hamill, aged 62, pastor of the Mt. Jackson United Presbyterian church, died Wednesday at 11:30 p. m. in the Jameson Memorial hospital following complications after an operation.

Rev. Hamill was widely known in the United Presbyterian church; he was senior member of the Beaver Valley Presbytery and had served that organization as moderator for a term. He was pastor of the Mt. Jackson church 22 years and had endeared himself not only to the members of his congregation, but all in the vicinity.

He was preceded in death by his

wife last April. Surviving are two daughters, Mrs. R. Donna Wilson, this city, and Mary Phoenix, Ariz., and a granddaughter, Roberta Jean Wilson; a brother, Plymouth Hamill, Indiana; two sisters, Mrs. W. F. Simpson, Indiana, and Mrs. S. R. McClure, Braddock.

Funeral services will be conducted in the Mt. Jackson United Presbyterian church Friday evening at eight o'clock, with Dr. S. E. Irvine, pastor of the First United Presbyterian church of this city, officiating, assisted by Dr. C. B. Fulton, Beaver, and Rev. George Neil of the Bethel United Presbyterian church.

Interment will be made Saturday at one p. m. in the West Middletown cemetery.

Mrs. Anna Meyer

Mrs. Anna Meyer, 27 West Grant street, died suddenly Wednesday at 11:30 p. m. at her home from a heart attack.

Funeral arrangements await the arrival of relatives from distant points.

Sister M. Raymond

News has been received here of the death from pneumonia of Sister M. Raymond, 55, at 2:30 a. m. today in St. Alexis hospital, Cleveland. Sister Raymond was born in Venango, Pa., and entered the Order of the Sisters of Humility, Villa Marie, at New Bedford at the age of 22. She is survived by two brothers, Timothy Haley, New Castle and William Haley, Meadville; and also a sister, Sister M. Isabel, Villa Marie. Interment will be made at Villa Marie cemetery, Saturday morning.

Forcus Foster Knowles

Forcus Foster Knowles of Staunton avenue, died at 12:30 today in the New Castle hospital. Funeral announcement later.

ROOSEVELT LEADS U. S. INTO FIELD OF MANAGED CURRENCY

(Continued From Page One)

rized the treasury to offer an inducement to other nations for bringing their gold money rates in line with the United States. Secretary of the Treasury Morgenthau announced this government will sell gold for export to foreign central banks at the rate of \$35 an ounce—whenever our exchange rates with gold standard currencies reach the gold export point.

The new program embarked this nation on the most aggressive monetary policy in its history. It placed the United States on a gold bullion standard so far as foreign exchange is concerned, but domestically removed gold from circulation entirely.

See Trade Stimulation

Here in this country the epochal monetary moves will have little apparent influence except in the hoped for stimulation of trade, loosening of cash and consequent increase of commodity prices.

An American dollar will remain an American dollar—four quarters ten dimes, twenty nickels or one hundred pennies. The change effected touch the gold content of the dollar—a materially invisible entity. Up until 3:10 p. m. yesterday, when the president revealed the dollar by proclamation, a dollar represented 25.8 grains of gold ninety-tenths fine. Today it represents but 15 and 5-21 grains of gold nine tenths fine.

Acquire Huge Profit

Mr. Roosevelt's action brought the treasury, which acquired title to all gold in the country when the president signed the newly enacted money bill, approximately 700 million dollars "profit." That is, the gold to which the treasury now holds title is worth 2700 million more dollars than it was before devaluation. The two billion dollars stabilization fund set up by the president came out of this 2700 million "profit." The 700 million left after the fund was set aside went into the treasury's general fund.

There's one nice thing about being poor. You needn't shoot yourself when the law inquires how you got that way.

The swift action of President Roosevelt in establishing in effect the United States on a gold bullion basis was reflected in confusion on the exchange markets of the world in early dealings today with traders' chary of making commitments until the full effect of the sweeping decree could be ascertained.

Primarily exchange dealers were interested in determined whether the United States would buy freely

all gold offered in world markets at the stated price of \$35 an ounce and whether European nations would take steps to counteract action here by placing an embargo on gold shipments.

Meanwhile the dollar sold at a premium in Paris, above its indicated value in terms of the gold franc and gold bullion attained a new high price of 135 shilling 6 pence in London. Confusion attended early exchange dealing in London where the pound was quoted only nominally in terms of the dollar for some time and then ranged between \$5.00 to \$5.03 1/2. The United States bought all the gold offered, amounting to \$3,253,000.

MORNING WEDDING IN ST. VITUS CHURCH

A formal wedding this morning at 9:30 in St. Vitus church on South Mill street, united in marriage Miss Veri M. Crisci, daughter of Mr. and Mrs. Samuel Crisci of Croton avenue, and Charles J. Venturilla, son of Mr. and Mrs. Frank Venturilla of the Wilmington road. Rev. Father Nicholas DeMita officiated at solemn high mass.

The bride wore a royal blue swag-suit with gray accessories and a shoulder bouquet of Johanna Hill roses and valley lilies. Her maid of honor, her cousin, Miss Margaret Bonfield, wore a green swag-suit with brown accessories and her shoulder bouquet was of pale pink roses combined with lilies of the valley.

Anthony Raspanti of Pittsburgh, cousin of the bridegroom, was best man.

At noon a family dinner was held in the Crisci home on Croton avenue and late this afternoon the young couple left for a honeymoon through the eastern states. Returning, they will be "at home" to their many friends at 1123 Croton avenue.

Both Mr. and Mrs. Venturilla are well known in New Castle. The bride was graduated with high honors last week with the '34 high school class and is popular with a large circle of friends. The groom also is widely known, being associated in business with his father.

ART CLUB MEMBERS TO HEAR LECTURES

For the next eight Saturday evenings members of the Art Club will meet in the various homes of the members a little before 8 o'clock in order to listen to the lectures on "Art in America" to be given by an authority on museums over the air at 8 p. m.

This week the talk will be on "Painter Reporters of the New World" to be followed on consecutive Saturday evenings by "Early Settlers and their Homes," "First American Portrait," "How They Lived in Colonial America," "John Singleton Copley," "Background of American Art," "An American Studio in London" and "Peale and His Museum."

Class Meeting

Among the pleasurable events of Tuesday evening was a meeting of the B. L. F. C. class of the Central Presbyterian church in the Englewood avenue home of the teacher, Mrs. George W. Conway.

Hours were spent informally with games and music and in serving a delicious lunch. Mrs. Conway was assisted by Mrs. Ben Jenkins. Red and white tones were used in appointments.

The class will have a February meeting, the date of which will be announced.

Gleaners' Circle

Gleaners' Circle of Rich Hill Presbyterian church held its regular monthly meeting at the home of Gladys Sontag Tuesday evening. A social period followed the business session and refreshments were served.

The next meeting will be held at the home of Louise McDowell, with Hazel Reed leader. This will mark the last meeting of the missionary year and new officers will be elected.

Concludes Visit

Miss Henrietta Woods, who has been spending several months with her brother and sister-in-law Mr. and Mrs. Frank R. Woods of Sheridan avenue, departed today for her home in Washington, D. C.

COLDS Go Thru 3 Stages —and They're Far Easier Relieved in the First than in the Second or Third!

A cold ordinarily goes through 3 stages: the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. The first stage is the time to "nail" a cold.

Grove's Laxative Bromo Quinine is the treatment for colds. It is expressly a cold remedy and not a preparation good for half a dozen other things as well. It is direct and internal which is what a cold, an internal infection, requires. It is also complete—it does the four things necessary. It opens the bowels, combats the cold germs and fever in the system, relieves the headache and grippiness feeling and tones and fortifies the entire system. Anything less than that is inviting trouble. Get Grove's Laxative Bromo Quinine at any druggist, 30c and 50c. Ask for it by the full name and refuse a substitute.

MRS. J. O. RODGERS HONORED AT PARTY

Not many persons have the distinction of serving 25 years as superintendent of a department in Sunday school, but Mrs. J. O. Rodgers has rounded out that many years in the beginners' department of the First Methodist church and has now resigned to turn the work over to a younger person. She has seen many persons now in active church work come into her department as a little tot and has watched their progress through the various departments of the Sunday school to the adult department.

Eighty teachers, officers and departmental superintendents of the church school surprised Mrs. Rodgers Wednesday evening with a party in her home at the church dining room. Long tables were arranged for the affair, with amber, green and rose glassware used in the table appointments. Flowers in Dresden shades were used in the centerpiece while the tall candles carried out the same color scheme.

Yenor Bright, assistant superintendent of the church school, was guest of honor at the party. Long tables were arranged for the affair, with amber, green and rose glassware used in the table appointments. Flowers in Dresden shades were used in the centerpiece while the tall candles carried out the same color scheme.

Mrs. T. C. Blaisdell of Slippery Rock will be the speaker, using her recent trip to Russia as the basis of her talk.

SPAGHETTI DINNER FOR OFFICERS

Mrs. Lucille Falls, Wallace avenue, entertained the officers of Chapter 333, E. S., in her home Wednesday evening for an informal spaghetti dinner.

An informal evening followed, when the officers planned for the postponement of their card party from February 8 to Thursday, March 1.

Surprise Party

In honor of Dorothy Kray's 21st birthday a group of relatives and friends gathered at her home, Matilda avenue, Tuesday evening to help her celebrate.

The evening passed in an enjoyable manner with games and dancing, after which the honored one aided her mother in serving refreshments.

The group included Henry Jenkins, Pearl Ashton, Mr. and Mrs. Jack Essinger, Margaret Piffer, Merle Anderson, Garnet Phillips, Frank Genock, Walter Cover, Vivian Kray, David Kray, Maxine Kray, Billy Kray and the parents of Miss Kray. The honored one received many lovely gifts.

The place of meeting in two weeks will be announced.

P. E. Club

Mrs. I. W. Miller, Sampson street, entertained the members of the P. E. club Wednesday evening.

Five hundred was the feature of entertainment with prizes awarded Mr. and Mrs. John Oberleitner and Mrs. Anna Miller at the close of play.

The hostess served a delicious lunch and plans were made to meet with Mrs. Martha Miller, Holton St. next week.

Castle Club

Two tables of 500 were in play for 500 games Tuesday evening in the home of Mrs. Frank Hill on Erie avenue.

Prizes were awarded to Mrs. J. Wagner, Mrs. Foster McEwen and the hostess, Mrs. Hill. Serving a dainty reception, Miss Lily Belle Hill assisted.

EVENING DINNER RESULT OF CONTEST

A delightful and successful event of Wednesday evening was the dinner in the Knights of Malta hall, East Washington street, when the members of the Protected Home Circle assembled.

The dinner was the result of the recent S. H. Hadley contest in the circle and Mrs. M. Jaxheimer and her team of losers served a most delicious menu. M. M. Henlein, E. Erie, state deputy, was a special guest at the dinner and later presided at the business session.

Plans were made for a series of card parties, the first to be February 14.

At conclusion of the meeting an interesting program was presented, with Dorothy Truby, Shirley Hammond, Donna Jean Truby and Howard Truby taking part.

OVERSEAS WOMEN TO HEAR OF RUSSIA

The Lawrence county unit Women's Overseas League will meet Saturday at 2:30 p. m. in the home of Mrs. S. H. Rhoads, 300 East Moody avenue, with Mrs. H. L. Headland, chairman of the department of internal relations, in charge of the program.

All Of Us

BY MARSHALL MASLIN

I think I never did. I never boasted about the accuracy of my watch. . . . And though I'm always dropping it, I can't bring myself to put it on a chain.

I like good books, but I can't keep away from trash.

I wonder what children think of grownups—and I don't think it's flattering.

I never could play baseball.

One trouble with women is that they always take things personally (One trouble with men is that they do, too).

I wish I were a doctor.

I can't get astrology through my head. . . . Or numerology. . . . Or phrenology.

I learned in the war that it's much safer to get tough with somebody twice your size than with somebody about as big as you are. . . . The big fellow knows he can lick you, while the little fellow is willing to see if he can.

I've heard people say that drunken conversation is never as witty as other intoxicated people think. . . . But I'm not sure that observation is true.

Life has its rhythms, like the rise and fall of the tides, like the swing of a pendulum, like the seasons of the year, like the pulse in your own body. . . . This, I know, is true.

When I can't remember an old acquaintance's name I'm embarrassed for days.

I wish I knew why people who "behave" themselves aren't as exciting as the other kind.

Despite myself, I'm annoyed when people start criticizing newspapers. . . . And before the argument is over I find myself quoting a cynical newspaperman who used to say that "a newspaper is a flattering picture of the public." . . . I don't agree with that, but I use it in arguments.

"It isn't the most common word in the language, but it is the one we notice most. . . . When you use that's egotism; when I use it, it doesn't mean anything.

TAKE YOUR MEDICINE!

In nearly all establishments there are those who always try to clear themselves of blame for errors made in their own departments.

These people make an effort to convince their superiors that they were in no way responsible for the mistake, even though the error may have been at least indirectly due to their own lack of responsibility.

Are you this sort of person? If so you should be ashamed of the fact.

If you are holding your job because you have been able so far to sidetrack blame, you have brought others great injustice.

Your position may be such that those whom you blame for inaccuracies dare not dispute your statements.

This being true your action is even more despicable.

Many persons have lost their positions because a superior would not assume his share of the blame for something improperly done.

Have you built yourself up at the expense of the downfall of those who have had to assume blame which rightly belonged to you?

Those in positions of high authority who catch a man-side-stepping deserve to get rid of him immediately if he is really to blame.

The one who shrinks blame cannot be trusted and will be of very little benefit to a concern.

The World AND THE Mud Puddles

SOME GLASS!

A patent recently granted in Washington to Frederick A. Delano, relative of President Roosevelt, is for a one-way window glass, perfectly transparent from one side, but looking through it the other way all objects are distorted beyond recognition. Light passes either way.

Use of this glass makes it possible for persons inside a house or car to see out, but no one on the outside can see in.

Fine for "petting parties!"

EXAMPLE
If from others you would learn,
This is all I have to say:
Seek the best; be quick to turn
From the worst that crosses your way.

Take your lessons from the strong;
Do as they do if you can.
But refuse to linger long
With a weak and foolish man.

Look about with open eyes.
Copy men whose acts are fair.
Learn the habits of the wise,
Know what courage has to bear.

If to manhood you would grow,
If for real success you thirst,
Ask the finest man you know,
Not the weakest and the worst.

If you would be brave and true,
If you'd walk with head erect,
Let some good man show to you
How to win the world's respect.

Inflation Test
Not Enough Men!
Gilded Fronts

By LESLIE EICHEL

Central Press Staff Writer
NEW YORK, Feb. 1.—The test between credit expansion and direct currency inflation (the printing of money) is at hand.

If the millions, the many, many millions being spent on CWA projects fall to spur industry enough to absorb CWA workers, then the printing presses will have to pay for the CWA. That is the word in New York. Rather, that is the fear.

Industry can call upon the banks for tens of millions of credit—but big industry already has too much money. It is only when industry produces that it needs money or credit.

Basically, primarily, there must be trade.

Failure of the steel industry to keep up its advance is laid largely to the failure of railroads to order steel they had promised to buy and for which government loans await. The railroad companies do not desire to pay interest on funds when traffic does not warrant the expenditure.

Many persons picture the coming era as one of false prosperity—if it is based on inflation—to be followed by a terrible depression.

Just as one cannot go to war without paying, one cannot spend without paying, one hears in the New financial district.

NOT ENOUGH MEN
One of the strangest cries of this strange age is:

"There are not enough men—we cannot develop."

Not enough TRAINED men, of course.

One organization has been trying for weeks to find two well-trained men, at good pay, with excellent opportunities. That organization has found none, although hundreds of men in that trade walk the streets.

The future may look back on this era not as one of deprivation, but as one that was set back for decades by failing to look ahead.

Perhaps the state should have invested some of its relief millions in training young men for professions and trades.

It seems horribly ironic that millions of youth may be hungry and the morale of the nation may descend to the depths because it was considered "too paternalistic" to train young men.

That, as much as anything else, may result in the complete collapse of capitalistic enterprises.

WAITERS
Waiters and cooks in New York who struck are like coal miners, except that they are not so highly organized. They are striking against institutions that have declined into penury.

The majority of "luxury" hotels

can't even pay rent. Some barely have made payrolls.

Waiters and cooks tell of bad conditions, of long hours, of little pay and of barely enough to eat. Now that repeal has come, and people again frequent hotels, waiters and cooks desire to share. They have stood by in empty dining rooms, for all these years.

Alas, there is no sharing. The gilded fronts cover threadbare bodies.

There are too many hotels, too many restaurants, too many coal mines.

"Yes," cry the workers, "that condition is brought on by the destructiveness of capitalism!"

If however the government should take over the hotels as in Soviet Russia, there would be many fewer hotels. The same is true of coal mines. It is deplorable that coal miners and waiters cannot turn to some other trade. But they can't. Thus, what is the remedy?

MAIDS
Secretary of Labor Frances Perkins herself is taking up the question of hours for maids in hotels. As the depression grew, the work of maids increased and the pay decreased. Hours became very long. A code will try to remedy that.

BOATS
There may be much misery behind the gilded front in New York, yet there is some cheer.

Throngs of persons inspected the costly yachts at the New York motorboat show. Strange to say, many a visitor bought a boat. Prices ranged from \$26 to \$26,000, or something like that. The costly boats sold best.

DISASTROUS
The building in which the motorboat show was held—Grand Central Palace is owned by August Hecksher. Hecksher recently let it be known in Washington that the national administration which went out last year did some queer things not only concerning airmail contracts but in buying postoffices.

The postoffice department decided to buy as a branch postoffice a New York Central railroad building Grand Central Palace at \$2,000,000 more than the assessed valuation of the building and for \$4,000,000 more than Hecksher offered to sell his building—a larger structure.

PULITZER PRIZE!
Fulton Lewis, modest Washington correspondent, who expected the airmail contract scandal, are hoping he will win the Pulitzer prize.

It was on his evidence that the senate investigation was based.

Historic Anniversaries—1800. For the second time within a year, U. S. frigate Constellation humbled France: it defeated the larger French frigate, L'Vengeance, in a battle fought at pistol-shot distance at midnight. (The previous Feb. 9, its captain, Thomas Truxton, had piloted it to victory over the French ship-of-war, L'Insurgente, off the island of St. Kitts.) In the 11-4 hour battle, L'Vengeance, 45-year-old Capt. Truxton had no losses, the French ship had 70 killed or wounded.

1842—A British-owned private company delivered mail in New York faster and less expensively than the government, used the first adhesive stamps, originated registered and special delivery post. First adhesive stamp was issued this date in New York by City Dispatch Post, a service instituted by Henry T. Windsor, English merchant, who made an immediate success of it, so out the same year to the government which merged it with its own slower and more expansive postal service.

1899—American flag was raised over Agaña, Island of Guam, largest of the Ladrones or Marianas, in the south Pacific, ceded by Spain and converted by the navy into a cable coaling and repair station. Capt. Taussig, U. S. S. Bennington, took over the island in the name of the nation, became first governor. 1908—Fortune spent by Mrs. Mary Thaw of Pittsburgh saved her son Harry from electrocution for killing Stanford White, famed architect, over Evelyn Nesbit, but not from imprisonment. He was acquitted of murder on the grounds of insanity, was promptly clamped into Matteawan asylum. (Today quiet, gray-haired Harry Thaw dwells upon a sver calls with the village fire department. Evelyn Nesbit, upon whom Thaw spent hundreds of thousands, could not prevent her fur coats from being sold at auction for damages in Atlantic City. In the "Good Old Days"—Emperors shifted around and changed lengths of months at will. February was one of two months (January was the other) introduced into Roman calendar by Emperor Numa when he extended the year to 12 of these periods. He arranged that it should have been 29 days, except in leap years, when it was to have 30. But when Emperor Augustus chose to add a 31st day to August, so this month would be long as Julius Caesar's, he took it from February.

PERSONAL EXEMPTIONS

In addition to the personal exemption of \$1,000 for single persons and \$2,500 for married persons living together and for heads of families, a taxpayer is entitled to a credit of \$400 for each dependent, defined by income-tax law and regulations as a person under 18 years of age or incapable of self-support because mentally or physically defective. The term "mentally or physically defective" means not only cripples and the mentally defective but persons in ill health and the aged.

In order to be entitled to the \$400 credit, the taxpayer must furnish the dependent his or her chief support. The credit is based upon actual financial dependency and not mere father whose children receive aid or more of their support from a trust fund or other separate source is not entitled to the credit.

Neither relationship nor residence is a factor in the allowance of the \$400 credit for a dependent. The taxpayer and the dependent must be residents of different cities, towns, bands and wife both contribute to the support of a dependent, the \$400 credit may be taken by the one contributing the chief support and may not be divided between them.

A single person who supports in his home an aged mother entitled not only to the \$400 credit for a dependent, but also to the personal exemption of \$2,500 as the head of a family. A widower supporting under similar circumstances a dependent child under 18 years of age also is entitled to the personal exemption of \$2,500 as the head of a family, plus the \$400 credit for a dependent.

Under the Revenue Act of 1933 both the personal exemption and the credit for dependents are retained to be prorated where the status of the taxpayer changed during the year.

Congressional Record Gag Is Strongly Urged

Rep. Rich, Republican Of Pennsylvania, Claims Record Is Used For Propaganda

(International News Service) WASHINGTON, Feb. 1.—Charging the congressional record was a "dumping ground for propaganda at \$40 a page," Rep. Rich (R) of Pennsylvania Wednesday started a movement to invoke "gag rule" for the legislative journal.

The venerable publication, which patiently has absorbed the tirades of senators and representatives from the days of federalists and Whigs down to Populists and Democrats, was termed by Rich as the "forgotten book."

For Axe-Grinding
The custom of many senators and representatives to insert special speeches, articles, stories, anecdotes, newspaper clippings and other types of literary endeavor has caused some following of the rich movement to label the record "A cross between Joe Miller's joke book and a country drug store almanac."

Rich seeks to confine members of congress to inserting material that actually is a part of their speech.

"Members now are using the record for propaganda and axe-grinding in a manner that is wasteful and extravagant," he said.

Rep. Byrns of Tennessee, majority leader, when told of the move to "gag the record," stated:

"It certainly will save the taxpayers a lot of money."

"It" is an archaic adjective meaning same. Say "I'm not of her sort," not "I'm not of her ilk."

Huge Profits Were Made By Milk Dealers

Secretary Wallace Makes Sensational Statement In Madison, Wis.

NET PROFIT RUNS INTO BIG FIGURES

(International News Service)

MADISON, Wis., Feb. 1.—Huge profits made by the principal milk distributors of the nation's larger cities throughout the depression years were bared today for the first time by Secretary of Agriculture Wallace, speaking here at home and farm week.

As he spoke, his Washington aides revealed that his facts are based on government audits of distributors' books, just completed. The profits were figured by federal audit after a ruthless stripping of distributors' cost estimates which included high salaries and bonuses to corporation officials, the distributors' own estimates of their depreciation allowances, and other items the government's investigators disapproved.

"I have the composite figures on distributors' profits in St. Louis, Chicago, Boston, and Philadelphia for the five years ending December 31, 1933," Wallace said. "These figures are for distributors handling from two-thirds to 90 percent of the milk in these cities."

"As the government auditors, not the distributors, of course, figure, the distributors in these four cities took profits during the five years as follows:

"St. Louis distributors averaged 14.9 percent net profit;
"Boston, 22.5 percent;
"Chicago, 25.8 percent;
"Philadelphia, 30.8 percent."

State Licenses

**HOPE TO RUB OUT
ALL SPEAKEASIES**

(International News Service)
HARRISBURG, Feb. 1.—Protection for licensed retail liquor sellers will be the aim of the united attack by federal, state and municipal agencies to wipe out bootleggers and speakeasies in Pennsylvania.

The co-ordinated enforcement plans are directed principally toward protecting the state and the dealers who are lawfully engaged in selling liquor and who pay license fees for that purpose, the liquor control board announced.

Assistance will be given the liquor board's force of 50 agents, which is to be appointed soon, by federal internal revenue agents and Department of Justice representatives, state revenue agents, highway patrolmen and state police and local and county officials.

reducing it to 28 in ordinary years. The month derived its name from February, meaning to expiate, to purify, a time of religious purification which took place at the beginning of the period.

Forgotten Heroes of Yesterday—Capt. Coe, Irish commander in Uruguayan navy. In a battle with a Brazilian ship, the supply of shot became exhausted. The captain instructed his gunner to load the cannon with hard round Dutch cheeses from the ship's stores and keep firing away. When the cheeses hit the Brazilian ship and splattered over its sails and decks, the Brazilian commander, fearful that the enemy had developed some powerful new type of bomb, backed out of the fight, fled.

Death Of C. E. McMullen**

(International News Service)
ERIE, Pa., Feb. 1.—District Attorney Mortimer E. Graham today announced he is not convinced C. E. McMullen, 83, found dead in his home near Albion, was murdered.

Advancing his theory while police continued their murder investigation, Graham said he had learned McMullen was subject to apopleptic fits and that the room may have been disordered by his being stricken. He pointed out that no footprints were seen about his home, although it snowed about the time he was last seen alive.

Fingerprints discovered by police shortly after they began their investigation were smeared, it was announced.

(International News Service)
ERIE, Pa., Feb. 1.—Trapped by flames in his squalid home, Joseph Turner, 46, was burned to death here today following a quarrel with his wife, Elsie, 42.

Police and fire authorities announced they were convinced death was accidental. Mrs. Turner, however, was taken into custody pending a further investigation.

According to the widow, Turner came home drunk and after quarreling with her, struck her and ordered her out of the house. She went to a neighbor's home and was one of the first to see the flames a short time later.

Police said domestic difficulties had brought the pair to jail dozens of times.

**WAKE UP YOUR
LIVER BILE—
WITHOUT CALOMEL**

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of fluid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25¢ a drug store. ©1931 C.M.C.

ERIE, Pa., Feb. 1.—District Attorney Mortimer E. Graham today announced he is not convinced C. E. McMullen, 83, found dead in his home near Albion, was murdered.

Advancing his theory while police continued their murder investigation, Graham said he had learned McMullen was subject to apopleptic fits and that the room may have been disordered by his being stricken. He pointed out that no footprints were seen about his home, although it snowed about the time he was last seen alive.

Fingerprints discovered by police shortly after they began their investigation were smeared, it was announced.

ERIE, Pa., Feb. 1.—Trapped by flames in his squalid home, Joseph Turner, 46, was burned to death here today following a quarrel with his wife, Elsie, 42.

Police and fire authorities announced they were convinced death was accidental. Mrs. Turner, however, was taken into custody pending a further investigation.

According to the widow, Turner came home drunk and after quarreling with her, struck her and ordered her out of the house. She went to a neighbor's home and was one of the first to see the flames a short time later.

Police said domestic difficulties had brought the pair to jail dozens of times.

**WAKE UP YOUR
LIVER BILE—
WITHOUT CALOMEL**

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of fluid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25¢ a drug store. ©1931 C.M.C.

Round Confers With Truckers

Rates Paid Truckers Under CWA Are Discussed At Meeting

TRUCKERS SEEK HIGHER RATES

Following a protracted conference between representatives of the Pennsylvania Motor Truck Association and CWA Administrator L. B. Round Wednesday afternoon, Mr. Round agreed to consider a schedule of rates for trucks to be presented by them.

The conference arose out of demands that truckers who use their own trucks be given more money than they have been getting. The truckers were represented by M. A. Mulcahy, John Velker, D. B. McKnight and James Mutter. The conference was opened by Mr. Mulcahy, who said that the truckers here were not being given the rates prescribed by the federal CWA.

Gauge For Future.
"We are asking that the prescribed rates be paid in order to establish a basis for future work in this country," said Mr. Mulcahy. "If the CWA pays the men lower rates than they should we cannot expect the contractors to pay a standard price when private trucking opens up. They have said they will pay a standard rate if the CWA will pay the prescribed rates."

Said Round: "You men are confusing prescribed rates with the

maximum rates. The CWA rate book shows only maximum rates, there is no minimum. The rates we are now paying are not the maximum but they are the rates agreed upon by previous conferences with truckers."

Mulcahy: "Sharon is paying the rates laid down in the CWA rate book. So is Allegheny, so is Beaver and other counties."

In reply to this Mr. Round called the Sharon CWA offices and found that truckers with their own trucks were paid as follows: S licenses, \$1.30 per hour; T licenses, \$1.50 per hour; U licenses, \$1.90 per hour; V licenses, \$2.20 per hour. For the same classes of trucks in Lawrence county the rates are \$1.20 \$1.25, \$1.50 and \$1.90.

Hiring Truckers.
"We are not hiring truckers, we are hiring truckers who are out of work," said Mr. Round. "When we started these projects we had to fight the state offices to get permission to hire idle truckers with their trucks and you men agreed that the rates were equitable. While it may be true that they are paying a trifle higher in other counties, here in Lawrence county a trucker can go to work as a laborer when his trucking is finished. The rates here are fair and equitable and I cannot see any reason for increasing them when the common labor has been reduced from 30 hours to 24 hours per week in order to save the funds. If the men think they are being paid less than they should be, they have the privilege of withdrawing."

Mulcahy: "I am sorry you take this position, Mr. Round. After all, this is government money that we will have to pay back and it seems to me that our people should get rates other counties get."

Round: "Because this is government money is no reason why it should not be handled efficiently. As long as I am in charge here we are going to administer the money as efficiently and as honestly as possible."

John Velker then made the argument that it was not the immediate present they were interested in but the establishment of a rate base for future operations here. "The men have been working for whatever they could get," said he. "They have been losing money with their trucks and it isn't fair. Necessity drove them to take whatever was offered, but the government has said that it wants prices stabilized and that is what we are trying to do. Stabilize them so that when private trucking starts again, men will not have to accept starvation rates for their trucks."

Mr. Round agreed that he would consider a schedule of rates they presented but would make no promise as to what action he would take. The conference adjourned.

Sixty Seven Of Bills Passed By Legislature Given Final Approval

In a pamphlet issued by the State Chamber of Commerce, the new laws adopted by the Pennsylvania General Assembly at the special session of 1933 are listed, together with the bills vetoed and the reason for the veto. The pamphlet is valuable in that it provides a reference to laws passed until such time as the state prints the special session laws in pamphlet form.

The total number of bills presented to the session was 323, 109 of which originated in the Senate and 214 in the House. Of these, the session passed 85, of which 67 were approved and 18 vetoed.

Twelve bills passed and signed had to do with the control of liquor. A floor tax was imposed on alcohol, the liquor control board was created, taxes on liquor were set, and certain appropriations were made out of the moneys to be derived from the tax on liquors.

While there was some city legislation, there was none specifically designed for third-class cities, such as New Castle. One general bill which applies to all political subdivisions, reduces to five days the period of time which municipal subdivisions are required to advertise the award of contracts for the purchase of articles to be used in CWA projects.

One of the important bills passed and signed was that authorizing formation of a milk control board, a bureau which is supposed to do for the dairy industry what the public service commission does in the matter of regulation of utilities. Most of the vetoes applied were for bills that duplicated others that had been passed while some were vetoed because they did not come within the call of the special session.

Pope Sounds War Warning

Pope Pius From Vatican City Says World Conflagration Is Threatened

(International News Service)
PARIS, Feb. 7.—A warning that the world in its present troubled state, must not overlook "the dangers of a conflagration" was delivered by Pope Pius XI, in an interview appearing today in the Paris newspaper L'Intransigeant.

The paper presented the interview, which it said was obtained by its correspondent, Jean Quatre-maire, as the first ever given by the Pontiff, and declared it had been approved by Pope Pius.

Would Involve World.
While not specifically naming any nations endangered by the threat of war, Pope Pius expressed the opinion that a new conflict would "drag in Europe and the whole world and perhaps lead to a crumbling of the entire Christian civilization."

The only solution to the present problem, he said, according to L'Intransigeant, lies in "sincere spiritual reconciliation and the strictest application of the laws of evangelical charity." He expressed firm belief that "both sides must give way."

"Numerous messages of advice given by the church," the Pontiff was quoted as saying, "have been forgotten. The dangers of a conflagration must not be hidden."

Man Chops His Wife To Death

West Virginia Man Refuses To Give Any Reason For Killing Of Young Wife

(International News Service)
MONTGOMERY, W. Va., Feb. 7.—Although refusing to give a reason, Lemuel Vaughan, 42, today confessed, police said, that he chopped to death his 18-year-old wife, Sarah, with an axe.

State police, who placed Vaughan under arrest after he was summoned to his home by his wife's mother, said it was believed that jealousy was responsible for the man's act.

The victim's mother discovered the tragedy when she heard the disturbance from her home nearby and rushed into the Vaughan home to find her daughter's hacked body on the floor. Vaughan was just leaving the house when his mother-in-law entered, she said.

Martin Gantz School Building Is Razed

Martin Gantz school is no more. Where for 82 years a staid old brick building marked the corner of Grant and Jefferson streets there is now nothing but a pile of bricks, mortar, wood and stone, and soon these will be cleared away.

The razing of the Martin Gantz school was a CWA project that had definite economic results. Had the building been razed by the school board at its expense, the cost would have meant from \$7,000 to \$10,000. As it is, the board had to spend but little money for tools for the job

the Martin Gantz site. Proponents of the idea argue that it is in a splendid location, that the site is large enough and that it would be an ideal spot for the county to transact its business.

Farley Extols Roosevelt For His Principles

Postmaster General Says
Roosevelt Will Restore
Powers To Congress

(International News Service)
PHILADELPHIA, Feb. 1.—The emergency powers reposed in President Roosevelt to deal with the economic crisis will be restored to congress when the crisis passes, in the opinion of Postmaster General James A. Farley.

Speaking at the annual sporting writers' dinner here Wednesday night, the postmaster general declared:

"When the time arrives and matters he is grappling with are clarified, the president will return to congress the powers given to him."

One Of Greatest
In an address extolling President Roosevelt on the appropriate occasion of his birthday, Farley predicted a speedy return to prosperity as a consequence of the President's recovery program.

"Things are getting better," "all our reports indicate improvement in business. I am satisfied that in a reasonable time this country will be back in prosperity."

Voicing a brief description of his chief's mental and moral characteristics of comprehension and courage, the cabinet officer asserted:

"I am satisfied he will go down in history with Washington and Lincoln as the country's great presidents."

BOY SCOUT Activities

TROOP 18 LOSES DAVIS

A seasoned scoutmaster stepped out of the scoutmastership to make way for a trained assistant to take over his duty and relieve him for other work when on Tuesday night at the Highland U. P. troop V-18 meeting Ralph F. Davis resigned his temporary leadership to give way to Harry Miles, senior assistant, who has qualified for scoutmaster leadership. Thirty-three Scouts were on hand, with the full troop committee, headed by H. H. Pearce, chairman.

Mr. Davis gave an outline of work in the past three years and told how the troop had grown and how

well the committee had functioned. He stated that on account of scoutmaster leadership he had not been able to keep in touch with his commissioner duties and felt that he should give the time to this work that it deserved. Mr. Pearce then spoke for the committee in praising Mr. Davis' work during the past period, and speaking for the committee then presented Mr. Davis with a Masonic charm, which Davis received with some emotion. Mr. Pearce then introduced Harry Miles as the new scoutmaster. Miles made a simple acknowledgement and the party then adjourned for refreshments served by the troop committee.

In lining up the troop for its 1934 work there will probably be several projects gotten under way for older Scouts. A Scout patrol is being talked about and other work will be organized as the need arises. V-17 expects to present a strong line-up and program for this year.

TROOP 3, FIRST U. P.

Last night was the regular monthly inspection night for our troop and Senior Patrol Leader Tom Bailey lined the troop up for inspection, which was given by seven members of the troop committee: Messrs. Glenn Carpenter, chairman; Dr. Burr Rogers, Harvey Bush, Clarence Davis, Ed. Bork, and Dr. A. H. Borland, with Frank Fehl, scoutmaster. Sawk was in charge of the inspection party. The after part of the meeting was spent in qualifying for Scout advancements.

Famous Woman Flier Made To
Pay Fine In Florida For
Reckless Driving

(International News Service)

PALM BEACH, Fla., Feb. 1.—When two hardfaced men halted her automobile on a lonely stretch of ocean highway at 3 a. m. and gruffly commanded her to "come along," Mrs. Amy Johnson Mollison, the celebrated English long distance flyer, believed she had fallen into the hands of American gangsters she had heard so much about, and was being abducted.

This, the intrepid aviatrix explained to International News Service, was why she twice attempted to elude her captors, and fought them when finally overtaken.

But Mrs. Mollison, it turned out, was not being kidnapped but had been halted by two deputies in civilian clothes who charged that she was driving recklessly and at excessive speed.

She was taken to jail at Port Lauderdale, detained for several hours and fined \$50 and costs.

Says Registered Voter Cannot Be Challenged About Tax On Voting

Since the passage of Amendment Five of the State Constitution, and supporting legislation by the Special Session of the Pennsylvania General Assembly, concerning the abolition of tax qualification for voting, there has been some argument as to whether a citizen can vote if he has not paid his taxes. The argument was that the law permitted him to register but he could be challenged at an election if he had not paid a county tax.

In the opinion of Assemblyman William McElwee, Jr., there is no question of the right of any citizen of the United States, is over 21 years of age, has resided in Pennsylvania one year and in the district at least sixty days.

Opinion Given In McComb's Estate By Judge Chambers

Exceptions To Auditor's Report
Dismissed And Distribution
Ordered

In an opinion handed down by Judge James A. Chambers, exceptions of Alma Smith to the auditor's report in the estate of Walker F. McComb are dismissed and the accountant is directed to make distribution in accordance with the auditor's report.

Walker F. McComb died in August, 1931, leaving to survive him his widow, Alice L. McComb, and three children, Alma Smith, daughter by a former marriage, and Leander McComb and Howard McComb, sons of the widow.

Under the will left by Mr. McComb his widow was to get \$600 a year for life, and the three children \$5,000 apiece when they became 28 years of age, and later the residue of the estate. Any money paid for education or other expenses for any of the children was to be deducted. Howard McComb died subsequently to the death of his father and before he reached the age of 28 years, unmarried. During his lifetime there had been paid out for him under the provisions of the will all but \$1,593.75 of the \$5,000 bequeathed.

A controversy then arose as to whether the children of decedent

remaining alive took vested interest in the legacies, and in the residue of the estate at the time of the death of their father, or whether interests were contingent dependencies on their respective awards at designated ages.

The auditor held the legacies to be vested and distributed, the money held to be vested in Howard McComb to his mother, Alice L. McComb, under the intestate laws. To this finding Alma Smith filed exceptions, contending the legacies were contingent and upon the death of Howard fell into the residuary estate and were distributable to herself and half-brother, Leander McComb, in equal parts.

In the court's opinion it is held that the gift of \$5,000 is expressly contingent upon the child reaching the age of 28 years. The exceptions are therefore dismissed.

The auditor held the legacies to be vested and distributed, the money held to be vested in Howard McComb to his mother, Alice L. McComb, under the intestate laws. To this finding Alma Smith filed exceptions, contending the legacies were contingent and upon the death of Howard fell into the residuary estate and were distributable to herself and half-brother, Leander McComb, in equal parts.

Pennsy To Hire 700 More Men At Altoona, Penna.

On Full Schedules

(International News Service)
ALTOONA, Pa., Feb. 1.—Employment of 700 men, in addition to those now working in the Altoona shops, will be a direct result of the Pennsylvania railroad's plan to construct 7,000 freight cars, it was revealed here Wednesday by works manager F. G. Grimshaw.

The present force of 6,000 men will be put on full time schedules.

AROUND CITY HALL

Chief Haven hopes to keep the Home Trade Fires burning but he does not believe that local people give the department the assistance to which it is entitled relative to the out-of-town salesmen who does not comply with the city law. In fact the chief alleged that there are some persons who buy only enough stuff from local concerns to tide them over until the arrival of some out-of-state truck. If a salesman is taking orders but accepts no money and makes no delivery he does not have to take out a city license but if he has the goods with him, goes from house to house and accepts money he must have a license, Haven advises. If he is taking orders and accepting no money he does not need put up a bond with the city. However, he must have proper credentials from the company he represents and an identification card from the police department. The salesman who travels from house to house, disposes of his goods and accepts money must post a bond and also have identification card. "As soon as a salesman comes to the door, the head of the family or the housewife should ask for his identification card. If he has none they should notify the police department, No. 8," said Haven. "This will help keep the Home Trade Fires burning," he declared.

Albert A. Hoyland, director of city finance, states today that \$5,000, or approximately one-half of the negotiable paper, issued as 30 percent of city employees wages, during November and December, has been retired. The finance director added that all the paper will have been retired by March 1, or as written on the "check," 60 days after date of issuance.

Several days ago Mayor Mayne sent a man to the county jail for a brief period in order to have him "sober up." The man served his time and got drunk again and landed in police court. He found him to be on the CWA rolls. "I don't give men jobs but when they continue to get drunk I can take them off," said the mayor. "I'll give you a 'break' today with the understanding that the next time you are arrested for being drunk I will send you to the Workhouse." Not long after the mayor sentenced a man who refused to keep sober to 90 days at the Workhouse, which is in Allegheny county.

Up to 8 a. m. Wednesday city police motor vehicles made 1,026 calls during January. The "hottest" call they received was that in answer to an alarm which followed the slaying of Rose Balogh by John Mozesz who is now held awaiting trial for murder. The police calls have also answered several calls from persons who believed prowlers were around their properties for the purpose of burglary.

Police chronology for 24 hours ending 3:30 p. m., January 30, 19 arrests, on charges as follows: violation of traffic regulations 7; drunkenness and disorderly conduct 1; drunkenness 1 and suspicion 1.

HUGE SUM FOR NATIONAL RELIEF PROGRAM

Two Billions To Be Apportioned

Congress Set To Approve \$550,000,000 For Civil Works And Relief

HALF BILLION FOR PUBLIC WORKS FUND

By WILLIAM S. NEAL, International News Service Staff Correspondent
WASHINGTON, Feb. 1.—Emergency appropriations totaling at least \$2,000,000,000 were slated for passage during the present session of congress.

With congress poised to provide \$550,000,000 for the civil works and federal relief administrations, leaders were informed that new budget requests for more than a billion dollars will be forthcoming soon.

While the administration is hopeful that increasing employment in private industry will absorb millions of idle and part of the funds sought will not be spent, nevertheless President Roosevelt wants congress to provide sufficient funds to maintain the present program.

Huge Public Works Fund.
Appropriations of \$500,000,000 for the public works administration, \$300,000,000 for the C.C.C. and \$200,000,000 to carry out the cattle benefit program of the AAA are expected to be the next emergency grants considered.

Information has been received that other requests, perhaps totaling \$200,000,000, will be made.

The emergency grants to be sought are exclusive of the \$850,000,000 authorization for the R.F.C. which congress has already approved but which was limited to a half billion dollars by presidential order.

Determination of the administration to seek grants of emergency funds probably will dispel the hope of a balanced budget at the end of 1935.

Would You Pay 25c To Feel 10 Years Younger?

For 25c With Coupon Below: We Are Advertising This New 75c Medicine

If you have that low, tired out feeling—half-sick, half-well—the chances are your liver needs action. But you don't have to pay high prices for medicine. Simply read the offer below. Do this in your own interest.

There is a scientific formula containing TWENTY of Nature's Finest Health-Building Juices. Not a cure-all, not a 'patent' medicine, but a remarkable new system-cleanser, called Maynard's Extracts. It has helped 87 percent of those who have taken it; therefore we offer each person a regular 75c bottle to try for 25c because we believe the people who are benefited will keep on using it. We want no money from those it does help, so we guarantee each bottle.

WHY MADE
Like countless thousands, you may think you're not the least bit clogged—you say that you're "regular" as can be—but physicians will tell you that it is only too easy to deceive yourself in this respect and stay doped with poisons without your knowledge. Thus millions of micro-organisms accumulate in the digestive and eliminative tract and produce that dull, aching, peevish feeling, adding years to your age.

Hence, Maynard's Extracts was made to fill the long need of thousands who are dragging through life half-sick and half-well. It is vastly different than any other known formula. Contains five medicinal juices that act upon each of the four important organs—Stomach, Liver, Kidneys, Bowels. TWENTY Ingredients and not one a habit-forming drug. It is taken after meals and works with your food, thus helping your system banish health-destroying poisons. To aid Nature itself. Will positively not make you sick, gassy or nauseate you in the slightest way like calomel, pills and most all liver medicines. These Extracts will work a quantity of

General Motors May Buy Plants

General Motors Start Negotiations For Corrigan-McKinney And Newton Steel Plants

(International News Service)
NEW YORK, Feb. 1.—Negotiations by General Motors Corp. for acquisition of plants of the \$80,000,000 Corrigan-McKinney Steel and Newton Steel companies are actively underway, the Evening Journal said Wednesday.

The deal now under discussion is for an outright purchase of the plants, says the Journal. Negotiations for a two-year option of the plants with them to supply in the meantime General Motors needs were broken off last week.

The negotiations were prompted by inability of General Motors to obtain price concessions on large orders for steel. Under the code, steel makers are prohibited from granting terms to large buyers more favorable than those offered to the smaller purchasers.

While some of the other auto manufacturers as a protest are spreading their steel business among the smaller plants, General Motors has moved to enter the steel business itself.

The two companies are among the leading producers of semi-finished and finished steel in the middle west. Plants are chiefly in the Cleveland and Youngstown, O., districts.

Touhy Case Is Ready For Jury

State Asks Jury Return Death Penalty Against Kidnapers Of Factor

(International News Service)
CHICAGO, Feb. 1.—With the completion of final prosecution and defense arguments today the fate of Roger Touhy and two gang henchmen on trial for the \$70,000 ransom abduction of John "Jake the Barber" Factor was to be placed in the hands of a jury qualified to inflict the death penalty.

Only five witnesses had testified in behalf of Touhy, Gus Schaefer and Albert Kator when the defense unexpectedly rested its case.

The promise of defense attorney William Stewart that he would prove to the jury that the gang of Al Capone has prompted prosecution of the Touhyites went unfulfilled.

In summing up the state's case Prosecutor Marshall Kearney described the twelve days of captivity Factor suffered before his release last July 12 and asked that the jury inflict the death penalty provided by Illinois law in ransom kidnappings.

GUARANTEED:
Remember, we do not promise results. We guarantee them. So, whether Maynard's Extracts will help you as it has thousands of others—whether it will end your suffering in a day or a week—remains to be seen. But in light of what it has done for others, it is surely a mistake not to try it for 25c (one-third its actual cost) fully guaranteed. Simply clip coupon and bring it to the store below or send with stamps or coin to Maynard Medicine Co., Columbus, O., and your bottle will be shipped prepaid.

Postal Receipts In 1933 Amounted To \$139,846.29

New Castle's postal receipts for 1933, while showing a decrease of \$1,962.41 from 1932, indicated that business suffered little during those 12 months in the light of the fact that early in the year the first-class letter rate was decreased from three to two cents in cities and their immediate localities.

Throughout 1932 the first-class letter rate was three cents and the difference created by that reduction, it is noted, was probably larger than the decrease shown.

Receipts for 1933, officials said, totaled \$139,846.29 as compared to the \$141,808.70 yield in 1932.

As in every calendar year's report, the Christmas quarter ending December 31 set up the record for the year. During that three months' period \$41,792.25 was taken in.

To Use \$235,440 In Re-employment Service In State

By ARTHUR C. WIMER, Special Washington Correspondent, New Castle News

WASHINGTON, D. C., Feb. 1.—The Federal government expects to spend \$235,440 on the national re-employment service in Pennsylvania during the coming fiscal year of 1935, according to testimony before the House Appropriations Committee.

The government has apportioned \$88,295 to the employment service in the state for the present fiscal year of 1934, ending next June thirtieth. The service was set up last August. Actual payments to maintenance of the reemployment agencies in the Keystone state totaled \$80,666 to December thirty-first.

Up to December thirty-first the employment service had placed 275,478 men and women at work in Pennsylvania. Of these, 188,026 were given posts through national offices, and 87,452 through state offices.

Revise Schedule For Night Schools

Registration is still open to all adults in the North street school it was stated today by Dr. C. C. Green. These classes are free of charge and the class runs for one hour. A student may register for one hour or five hours as he wishes. Attendance each evening is not compulsory, but is a matter of individual judgment.

Dr. Green has issued the following revised schedule for the night school projects now operating in New Castle through funds furnished by the E. E. R. The hours run from 4:30 to 10 p. m.

North Street
G. W. Hayes—classes in finance, advertising, bookkeeping, cost accounting, commercial arithmetic and commercial law. Books furnished free.

Tom Creaney—English, economics, government, and public speaking. Last week's highlight in the public speaking course was Edgar Reig's talk on parachute jumping.

Miss Mary James—advanced short

ary classics, psychology, a popular course in Spanish and Constitutional Law.

Lincoln and Garfield
Mr. Griffiths—individual and general classes in English to all Americans and allens interested in becoming American citizens.

Mr. Harris—American customs and American government.
Mrs. Tinsman—individual and general classes in English.
Frank Leonard—English, arithmetic and city government. Mr. Leonard has one of the largest groups in the entire night school.

George Washington
At George Washington, one phase of the night school plan, which is not known to the average citizen is being carried out. This is Mr. McCurdy's classes in woodworking held daily in the former idle shops at George Washington. These classes are conducted daily for boys and men interested in carrying on their trade school work. The classes are in operation from 9 to 3 o'clock during the day.

According to Dr. C. C. Green, who is head of the E. E. R. work in Lawrence county, it is hoped that one or two additional projects can be started in the near future.

Publicity doesn't "glorify" the gangster. A loose baboon would be given equal headlines.

France May Ask For Agreement

Would Prohibit Exporting Of Gold To Countries Off Gold Standard

(International News Service)
LONDON, Feb. 1.—France probably will ask all nations of the "gold bloc" for an agreement to prohibit the export of gold to those countries not on the gold standard, it was predicted in British money circles today.

This move was expected as France's logical move to protect the franc from the onslaught regarded as certain to come as a result of the Roosevelt gold proclamation devaluing and stabilizing the dollar in terms of gold.

Guffey-VanDyke Leadership Is Under Attack

Meredith Meyers, Prominent State Democrat, Says Leaders Cannot Dictate

MANY PROMINENT MEN MENTIONED

(International News Service) LEWISTOWN, Pa., Feb. 1.—The gauntlet of opposition to any attempt by Joseph F. Guffey, Roosevelt leader in Pennsylvania, and Warren Van Dyke, state chairman, to dictate the Democratic party slate in the coming elections, was flung down Wednesday by Meredith Meyers, Lewistown publisher and former Democratic state treasurer. Meyers, in a statement today attacking the Guffey and Van Dyke leadership, announced plans for a meeting shortly after the Democratic state committee has met February 10 to endorse a state ticket consisting of really representative Democrats.

The state committee is expected to endorse the candidacies of Guffey for United States senator and Van Dyke for governor. Meyers' statement marked the first open break with the present leadership of the party in Pennsylvania and was expected to have repercussions at the state committee meeting.

Outstanding Men Pointing to the "wealth of material" from which to choose the 1934 standard bearers, Meyers said: "The East presents such outstanding men as Judge Henry C. Niles of York, Lawrence Rupp, of Allentown, Roland S. Morris and Jack Kelley, of Philadelphia, John M. Hemphill of West Chester and many others. Central Pennsylvania is ready to back Scott S. Leiby and Western Pennsylvania has already presented the candidacy of Judge Charles D. Copeland. The Northern tier counties possess excellent material in Sedrick Kistler of Lehigh, and John R. Collins of Connersport. As a matter of fact one county—Lehigh—alone could give to the party six distinguished names to choose from, not the least of which is that of State Senator Henry Snyder.

Asking Too Much "Mr. Guffey and Mr. Van Dyke are asking too much of this state's unbossed and liberty-loving people to swallow any group of candidates handpicked by them and themselves heading the ticket. Their plan to have the patronage favored members of the state committee endorse any such slate is hitting below the belt, as Guffey and Van Dyke have seen to it that more than the necessary majority of the committee have been well taken care of in the way of political pie and therefore are hog-tied to Guffey and Van Dyke's apron strings. Their plan may be likened to asking a child to endorse its own parents."

Roosevelt May Take Hand In Weirton Case

One Of Most Momentous Battles Of NRA Is Being Fought With Steel Officials

(International News Service) WASHINGTON, Feb. 1.—One of the most momentous battles of the NRA was being fought today as President Roosevelt pondered over the draft of an executive order which is to direct the Weirton Steel company to allow its workers to decide if they shall affiliate themselves with the American Federation of Labor, or band together as an independent "company union."

At the same time Recovery Administrator Hugh S. Johnson was on record as declaring the "company union" as a deliberate attempt on the part of big business to wreck the NRA.

Senator Robert F. Wagner (D) of New York, chairman of the National Labor Board said the board, by direction of the president, would take immediate steps to ascertain if there is a substantial demand among the workers of the Weirton Steel Co. for an election.

He ordered a representative of the board to go to Weirton at once.

R. F. D. 9 Abolished As the city changes occurred route No. 9 of the office's rural free delivery system became absorbed by routes 4 and 5, a consolidation recently approved by departmental authorities. The transfer of Rural Carrier Clarence W. Reiber from Route 9, now abolished, to route 2, succeeding Ralph M. Copper, named to serve only temporarily, was the only result of the rural change.

Because of the dropping of Copper, Carriers Herbert F. Davidson, Clarence M. Michael and Albert L. Johnson received salary boosts effective today.

Byrd Expedition Is Working Hard To Unload Vessel

Hit And Run Game Is Being Played As Supplies Are Being Unloaded In Ice Waters

(International News Service) ABOARD S. S. JACOB RUPPERT, BAY OF WHALES, Antarctica, Feb. 1.—The Jacob Ruppert, flagship of the second Byrd Antarctic expedition, is desperately struggling to finish the job of discharging the balance of the stores for the winter party.

The hit and run game played with crumbling masses of ice still continues. After one failure, the Ruppert succeeded in obtaining a berth by the side of the ice front last evening and unloading began immediately, with dog teams and tractors summoned from Pressure Camp two miles away picking up the cargo and rushing it to safety beyond the ever-widening cracks in the barrier.

At 4 a. m., the ice mass closed in ahead and abeam and the Ruppert made for open water, narrowly escaping damage when the stern sheets failed to clear the ice on the first attempt.

The first autogyro flown in the Antarctic was put over the side last night and hauled to safety. Late last evening it was flown into Little America.

County Is Given \$41,904 For Relief

Allocation To Lawrence County Is Made For February

DECREASE IN STATE RELIEF SUMS SHOWN

(International News Service) HARRISBURG, Feb. 1.—An allocation of \$44,814.19 for emergency relief to counties for February today showed a decrease of \$181,782 from the previous month.

Special allocations of \$1,150,000 made for February brought the February total expenditures as announced by Eric H. Biddle, executive director, to \$5,980,814. The board accepted the resignation of R. H. Stroud, field representative assigned to Westmoreland county, which was asked by Biddle following the deaths of two relief workers in an automobile accident after a party. Other than to accept the resignation the board made no announcement on the case.

Resignation of M. C. Sutter of Brookville as a member of the Jefferson county board was accepted. Special allocations announced were \$500,000 for clothing, \$40,000 for thrift gardens, \$200,000 for medical relief and \$50,000 for the bureau of transients.

Grants by counties included: Elk \$4,990, Erie \$31,145, Lafayette \$90,330, Indiana \$11,030, Jefferson \$14,682, Lawrence \$41,904, McKean \$10,225, Mercer \$33,298, Venango \$53,806, Washington \$94,948, Westmoreland \$135,175.

Company Gifts Help Boost Chest Fund

Six Firms Have Contributed Fine Donations To Welfare Coffers

Subscriptions totaling \$514.37 have been added to the amount subscribed for New Castle's 1933 Community Chest fund since the close of last fall, it was announced by Mrs. Fred Cooney, in charge of chest collections at the Union Trust company. The following firm donations were reported: Johnson Limestone company, \$300. Atlantic Refining company, \$75. Standard Oil Company of Pennsylvania, \$50. Household Finance company, \$25. Standard Brands, Inc., \$15. Hanover Shoe company, \$10. Mrs. Cooney also announced that \$39.37 of the offering listed at the union Thanksgiving service here last fall was turned over to the chest.

New Castle's welfare organizations are supported by the fund. In Greek mythology, Ius was the reputed founder of Troy.

Mussolini For New Conference On Disarmament

Would Set Up Six-Year Limitation Treaty As Aim, If Nations Agree To Meet

GERMANY'S STAND GIVEN APPROVAL

(International News Service) ROME, Feb. 1.—Affirming Germany's right to an army of 300,000 men unless the world powers drastically reduce their present armed forces, Premier Mussolini has proposed a new international disarmament conference with a six-year limitation treaty as its aim, it was disclosed here Wednesday.

The proposals were made known with publication of an aide memoire handed to British Foreign Secretary Sir John Simon by Premier Mussolini in the course of their conversations here early this month.

Simultaneously, the foreign office made a memorandum concerning the recent conversations between Premier Mussolini and Sir John Simon on January 3 and 4.

"Italy believes the present exchange of views among the great powers should justify convening of a conference of foreign ministers and chiefs of the governments of the four western powers, to which could be invited the representatives of all other interested powers."

"These are the conclusions of the Italian point of view as expressed in the Rome conversations between Premier Mussolini and Sir John Simon on January 3 and 4."

Leaders Of Girl Scout Troops Have Meeting Last Night

Twenty-seven leaders of New Castle Girl Scout troops met in the council chambers of the city building Wednesday evening for a monthly session.

With Mrs. Sidney Smith presiding a business session was conducted, during which time various matters of interest to the individual and collective troops were placed on the floor for discussion. Games were played later in charge of Mrs. Smith. Songs were enjoyed, led by Mrs. George Westlake.

The next meeting will be on February 28 at the city building. Handcraft will be studied at that time.

Mothers, Mix This At Home for a Bad Cough

Needs No Cooking! Big Saving!

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough. It's no trouble to mix, and costs but a trifle, yet it can be depended upon to give quick and lasting relief.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water for a few moments until dissolved. No cooking needed. Get 2½ ounces of Pinex from any druggist, put it into a pint bottle, and fill up with your sugar syrup. The pint thus made gives you four times as much cough remedy for your money, yet it is far more effective than ready-made medicine. Keeps perfectly and tastes fine.

This simple remedy has a remarkable three-fold action. It soothes and heals the inflamed membranes, loosens the green-laden phlegm, and clears the air passages. Thus it makes breathing easy, and lets you get restful sleep.

Pinex is a compound of Norway Pine, in concentrated form, famous as a healing agent for throat membranes. It is guaranteed to give prompt relief or money refunded.

SILVER DUST PRICE REDUCED

Today every woman who wants to make dish washing quick and easy will be interested in the announcement that two boxes of Silver Dust can now be bought for never more than 25¢. This new low price makes Silver Dust the greatest soap value in the grocery store today, housewives here agree.

NEW TOWEL PLAN GUARANTEES TOWELS FOR ALL

Beginning at once, the free Silver Dust towel will not be given at the grocery store, but will be sent direct to you by mail. Just tear off two Silver Dust box tops and mail them to Silver Dust, at 88 Lexington Avenue, New York City. This new plan relieves your grocer of the extra work involved in distributing the towel and makes it sure and easy for every one to get the towel.

★ NOTE: Some grocers still have towels. When your grocer gives the towel, he will have to charge you for your Silver Dust at the old price. When we send the towel, pay no more than 25¢ for two boxes.

South Hills To Test Locals In Battle Friday

New Castle's Revamped High School Basketball Team Will Play Pittsburgh Five

RESERVES TO PLAY PRELIM.

South Hills High School basketball team of Pittsburgh will test the revamped New Castle High School basketball team at George Washington Junior High floor Friday night. The reserves of the two schools will play the preliminary game starting at 7:15 o'clock.

The South Hills team is one of the leading quintets in the city of Pittsburgh and have won Section 2 for a number of years. This year's team is said to be the best that South Hills has for quite some time and they will give the New Castle boys a severe test.

Lineup In Doubt

Coach Phil Bridenbaugh has not yet indicated just who will get the starting posts tomorrow night. Captain Reiber and Kominic will likely be at the guards, with Kelly at center, but the forwards are not yet known. In fact it's going to be a hard job to select two starters out of the fine group of reserves, with Nigro, Ostrosky and Tuscano showing up rather well, and with Pratt and Miles also anxious to make the first team.

The prices for the game will remain the same as heretofore, with 15 cents for students and 25 cents for adults, with reserved seats on the downstairs floor selling for 35 cents.

Pond, Neale, Myers, Williamson At Yale

Ducky Pond, junior varsity coach has been named head coach of the Yale football team. He will be assisted by Earle Neale of West Virginia, backfield coach; Denny Myers, West Virginia, line coach and Ivan B. Williamson of Michigan, end coach. The latter three are "outsiders." In appointing Pond Yale adhered to his traditional policy of graduate coaches.

Union High Adds Another Lawrence County League Victory To String

BORON-MORRISON SCORING STARS

Union high school basketball team added another victory to the string in the Lawrence county high school league race at the Wampum high floor Wednesday evening by taking a 34 to 25 victory over the Wampum high quintet.

Boron and Morrison were the scoring stars for the Union high team with 23 of the Union points between them. Coach Dave Boyd used his second and third string men in the game and they looked very good.

Union Leads.

At the end of the first period Union led 12 to 3, and at half time held a 21 to 6 lead. At the end of the third quarter the Unionites held a 30 to 16 count, and in the final period with Union using second and third stringers Wampum outscored the Boydmen 9 to 4 to bring the score of 34 to 25 at the end of the game.

Ferrucci, Kosior and Novalesi were the scoring stars for the Wampum team. In fouls Union had 8 out of 18 and Wampum 7 out of 14.

Union high will play the strong Zelenople high team at the Union high floor Friday night in a section 18 league game.

Only 1,500 Seats In Sharon High Gym; Already 1,200 Have Been Sold

GAME SATURDAY DRAWS INTEREST

NEW WILMINGTON, Feb. 1.—Of the 1,500 seats available for the Westminster-Duquesne game to be played at Sharon high Saturday night, 1,200 are gone, leaving but 300 seats available for general sale. Of the 1,200 already sold, 412 went to Westminster students and 82 to season book holders. Eighty tickets were sold in Mercer and Grove City and Greenville. Three hundred and sixty-four Sharon, Farrell, and West Middlesex people have bought tickets. The others were sold to people by mail, phone, telegraph, and through the usual channels. Tickets have been sold to people in Erie, Buffalo, N. Y., Franklin, Cleveland, O., Slippery Rock, New Castle, Pittsburgh, Johnstown, McKeesport, Wilkesburg, Aliquippa, Homestead, and many other towns. Sharon and New Castle lead in the number bought, with Mercer and West Wilmington second.

It would appear as if there will be but 150 seats available for general sale on Saturday night at the door. Since standing room cannot be sold, those who plan to attend should reserve seats now.

The game will start at 8:15 Saturday night. Doors will be open at 6:45 so that Westminster students may exchange student tickets for reserved seats. This exchange of student tickets must be done before 7:45. R. K. Graham, assistant athletic director, announces.

Craig Wood Is Leading Tourney At Agua Caliente

Par-Shattering Round Of 67 Gives New Jersey Golfer Tourney Lead

(International News Service)

AGUA CALIENTE, Mexico, Feb. 1.—One stroke out in the lead as a result of a par-shattering 67 yesterday Craig Wood, Husky Deal, N. J., pro was the young fellow "to catch" as play started here today in the second round of Agua Caliente's annual 72 hole \$7,500 open championship golf tournament.

About 20 other golfers, however, were in position to overtake him should he show the least sign of cracking.

The best chances for performing this somewhat difficult feat undoubtedly rested in the hands of Bobby Cruickshank the transplanted "wee Scot" hailing from Richmond, Va., Paul Runyan, of White Plains, N. Y., and Whiffey Cox of Brooklyn.

Cruickshank, as a result of a dazzling 68 yesterday, was just one stroke in the rear and pulling up close behind him was Runyan and Cox.

Runyan had a 69 for the initial round.

Others well up to the fore and figuring well in the running include Ralph Guldahl, who scored a one under par 70; Mark Fry of San Francisco, Stan Kertes of Los Angeles; George Von Elm, also of Los Angeles; Leo Diegel of Philadelphia; Horton Smith of Chicago and Willie Hunter of Los Angeles. They all carded 71's.

Franklin Faculty Defeats Bessemer

Ben Franklin Junior High school faculty basketball team gained a 45 to 30 victory over the Bessemer High faculty members at the Franklin high floor yesterday afternoon. The scoring stars were William "Bill" Wallace and Avery for the Franklin team, with Nord, King and Stanley the best for the Bessemer team.

The Franklin high faculty would like to hear from other faculty teams in this district for floor games.

Babe Ruth Is About Through

Many Believe That Babe Ruth Will Not Be Able To Finish 1934 Season

ILLNESS SENDS SLUGGER TO BED

By DAVID J. WALSH
International News Service Sports Editor

NEW YORK, Feb. 1.—Using the elemental process of adding what one hears to what one suspects, one arrives at certain conclusions this morning with respect to a man named Babe Ruth, who used to be a great ball player. One is that Ruth will do all right if he's there at the start of the 1934 season, for which he signed for the sum of \$35,000 with what now seems significant haste; another, that he'll do downright magnificently if he's there at the finish.

A third conclusion is that Ruth's present illness is not so trivial as early reports seemed to indicate. These had the great man, a victim of a slight cold, tossing restlessly on his bed of pain.

Back In Bed

But, after sitting up for several days this week, he was back in bed today, with the prospect of remaining there for the remainder of the week, if not longer. He usually is in the south by the first of February, doing two rounds of golf daily and giving the sun a play. But this time he won't get there much before the others and, somehow, it doesn't seem to matter. He knows it's his last camp.

There have been stories about Ruth this winter. They hint darkly of a reversion to type, a return

Local Y To Meet Teachers On Mat

New Castle Y has broken even in their two wrestling meets this season and will go into the third meet Saturday night at the Y when the California State Teacher College will send a team to this city. The Teachers will enter a wrestler in eight different bouts.

In the tangle with W. & J. New Castle had no trouble pinning the college boys to their shoulders but in the mat with Erie Boys Club the visitors won out in the heavier matches and for this reason the local middleweights, cruiserweights, and heavyweights hope to redeem themselves.

No one could have asked for better amateur wrestling than that staged in the two meets at the Y and when the wrestlers strip for armlocks, heelholds, scissor holds, toe holds and a score other grips the fans can expect to see some action.

Show Aggressiveness

One of the features of the Henry MacNicholas trained grapplers is that they do not spend all their time on the defense. Instead they're out there trying and they put some speed into the matches. They know and do break holds and they expect to give the California Teachers right smart opposition.

Titans Defeat Thiel 44 To 28

Wes Bennett Is Again Scoring Star With 20 Points In Tri-State League Game

TITANS-GENEVA REMAIN IN TIE

(Special To The News)

GREENVILLE, Pa., Feb. 1.—Westminster's towering band of Titan basketball players swarmed all over a fast and fighting Thiel College quintet here last night to take a 44 to 28 Tri-State Conference basketball game, and thus remain deadlocked with Geneva for the league lead. Leading the Westminster College team in scoring was "Wes" Bennett the big center who had 20 points.

Bennett Big Star

The Thiel team took the lead in the first few minutes of play 4 to 1. Westminster soon knotted the count 5-5 and then went ahead to take a 21 to 11 lead at the half. Westminster started his sensational field goal tossing in the second half and the Lawthermen soon had a commanding lead. With only three minutes of the game remaining the Westminster team led 44 to 19 and a belated Thiel rally gave the Lutherans nine more points, but the Titans were merely coasting.

It was the third straight Tri-State league victory for the Blue and White shirted Westminster men and Thiel's second straight upset in league play. Douglas had eight points for the Titans and Sweeney a sub forward kicked in with seven points. For the Thiel team the playing of Strimer with eight points, and Miller and Thomas with six points apiece was the best.

Loss Of Farrell Floor Player Felt

Reserve strength of Iowa U. was undermined yesterday with the ineligibility of several players on the varsity basketball squad among them being Al Bobby, Farrell. His loss will be serious as he has been used often as a replacement.

Talking about the heavier wrestlers costing the Y the meet with Erie, some days ago, this fact didn't cause MacNicholas brain to do gymnastic. Instead he patted his proteges on the mat and after Paul Fabian had lost to a cagey, heavy-weight and one blessed with year of experience, declared:

Likes Paul Fabian

"There's Paul, for instance. Sure he lost but wait. It won't be long until he's one of the best heavyweights in the amateur world of grapple. 'In fact' added Henry 'I wouldn't be surprised if he would wrestle his way to the championship some day.'

The George Brothers, Cartwright and Gennock having been shown a lot of stuff. They have the stars know the holds and must speed into their grappling, so it appears as though the fans Saturday night will have a real evening's event."

Richmans Upset Agenda Club 21-19

Richmans defeated the New Castle Agenda club basketball team 21 to 19 in a Jewish League game at Youngstown Armory floor last night. The game was close and hard fought in every period. There were no individual stars in the game. The Agenda club led at the half by three points.

Benny Friedman To Become Coach

(International News Service)

NEW YORK, Feb. 1.—Benny Friedman, famous Michigan quarterback who, until he announced his retirement last fall, was the star of the Brooklyn Dodgers professional team, will be named varsity football coach at City College today if rumor has its way.

The rumor of Friedman's pending appointment is based on a promise by Dr. Frederick E. Robinson, president of C. C. N. Y., made a month ago, that he would have an announcement to make about the Lavender football situation Feb. 1.

Zelenople At Union Friday

Severe Test For Boydmen At Hands Of Zelenople High In Section 18 Game

Zelenople High, the only Section 18 team to upset Union High this year will be the opponents for the Union High team at the Union High gym on Friday night. The game will start at 8 o'clock. This will be one of the feature games of the year in the sectional race as Union needs a victory tomorrow night to stay at the top along with Mars.

The Union High team will indulge in a heavy workout this afternoon in preparation for the Zelenople game. The Union High regulars were given a rest by Coach Dave Boyd in the game against Wampum, and they will be on the Union floor Friday night battling their heads off.

Al Bobby Former Farrell High And Westminster Floor Player Is Ineligible

(International News Service)

IOWA CITY, Ia., Feb. 1.—The ranks of the utility basketball squad of the University of Iowa were shattered today by the ineligibility of five players.

Among the five who were forced to discontinue playing ball because they failed to meet scholastic requirements was Al Bobby, Farrell, Pa., who has participated in several court games this season.

"If you want your money to go 30% farther, here's my advice—

"Break in new tires at this time because cool roads toughen rubber—cold-cure it. Thus tires put on now will run about 30% farther than the same tires started off new on hot summer roads. That means you get 30% more mileage plus immediate non-skid safety. At today's low prices, isn't that worth thinking about?"

HERE AND THERE IN SPORTS' LAND

Each spring managers of various baseball teams implore the director of streets and improvements of the city to condition baseball fields. As city money is low it was thought best this season by the writer to ask the civil works administration to take over this work as it would result in men being employed and diamonds improved. Accordingly we communicated with Matthew Gunton, assistant to Administrator Louis B. Round. Mr. Gunton is very favorable toward such projects but there are certain regulations that must be complied with before they can be undertaken. Baseball team managers should visit persons who own plots large enough for baseball diamonds as the CWA cannot legally improve any privately owned ground. However, should the owner of the ground lease the plot to the city recreation board for a period of one year at the nominal consideration of one dollar the CWA will be legally permitted to condition the plots for baseball purposes. There are several baseball fields being made at Cunningham park. One is being made at Dean park. However, two teams from, say the North Hill, want to play they would not want to travel all the way to either of those parks, neither would two teams from the east side want to travel to the west side or north hill. When a team from the east side meets a team from the west side it is perfectly agreeable for those teams to travel. There ought to be a good baseball field in every ward in the city. And if the managers get busy with property owners who are not going to use the fields for other purposes and gain their consent to lease them to the city recreation board, Marshall Matheny, 429 Greer block, office of the civil works administration will draw up the leases and City Solicitor Robert White will act for the recreation board, according to Mr. Gunton, who deserves thanks for his cooperation for more and better baseball fields.

Experience is a great tutor, it sometimes cruel. Frinstance a few nights ago Mike Rubino, fighting his first bout, squared off against Don Lenhart, a seasoned amateur. The fight hadn't gone 10 seconds until the winner was known. Mike displayed plenty of courage but his lack of experience cost him a couple of knockdowns before he was floored. On the last trip to the canvas his head struck the floor. Jimmie Dime, his manager, said later he had advised Mike not to fight but Rubino insisted. Fighters have managers as advisers and it pays to listen—especially when tutors like Jimmie Dime advise.

One of the other boys who fought last Monday night was Paul Kraynak. He went about his work in a workmanlike manner and if he continues in the amateur boxing game there's no doubt but that he will get somewhere. He was a runner-up in the Pittsburgh tournament and his right hand carried dynamite here. He dumped Vargo in the first round and laid him like a rag rug in the third, which brings to mind that when a boxing bout is staged it is a good idea to put at least one

inch of felt padding beneath the canvas. Ninety-nine times out of a hundred a chap who is knocked down and his head hits the floor may not be injured but the 100th may not be so fortunate.

Here's something to prove the efficiency of a newspaper advertisement. During the fight a local physician handed the writer an ad. Instead, the boys started to sing his praises. Not all agreed, however, and when Maxie and Primo stepped into the ring to fight for the championship there'll be plenty of wagers, not only here but all over. That is the fight the fans want. They are not keenly interested in any other heavyweight affair.

Hanging on a wall in the Jefferson Athletic club is a 12x8 photograph of Primo Carnera, world's heavyweight boxing champion. Several nights ago the photograph suddenly started swinging to and fro, in the same manner as a pendulum swings on a clock. It swung for about five seconds on three different occasions. Thoughts of ghosts, hobgoblins and whatnot came to the superstitious. Finally someone said: "Perhaps that's a bad omen; he'll be beaten by Maxie Baer!" No more thoughts of ghosts, hobgoblins, etc. Instead, the boys started to sing his praises. Not all agreed, however, and when Maxie and Primo stepped into the ring to fight for the championship there'll be plenty of wagers, not only here but all over. That is the fight the fans want. They are not keenly interested in any other heavyweight affair.

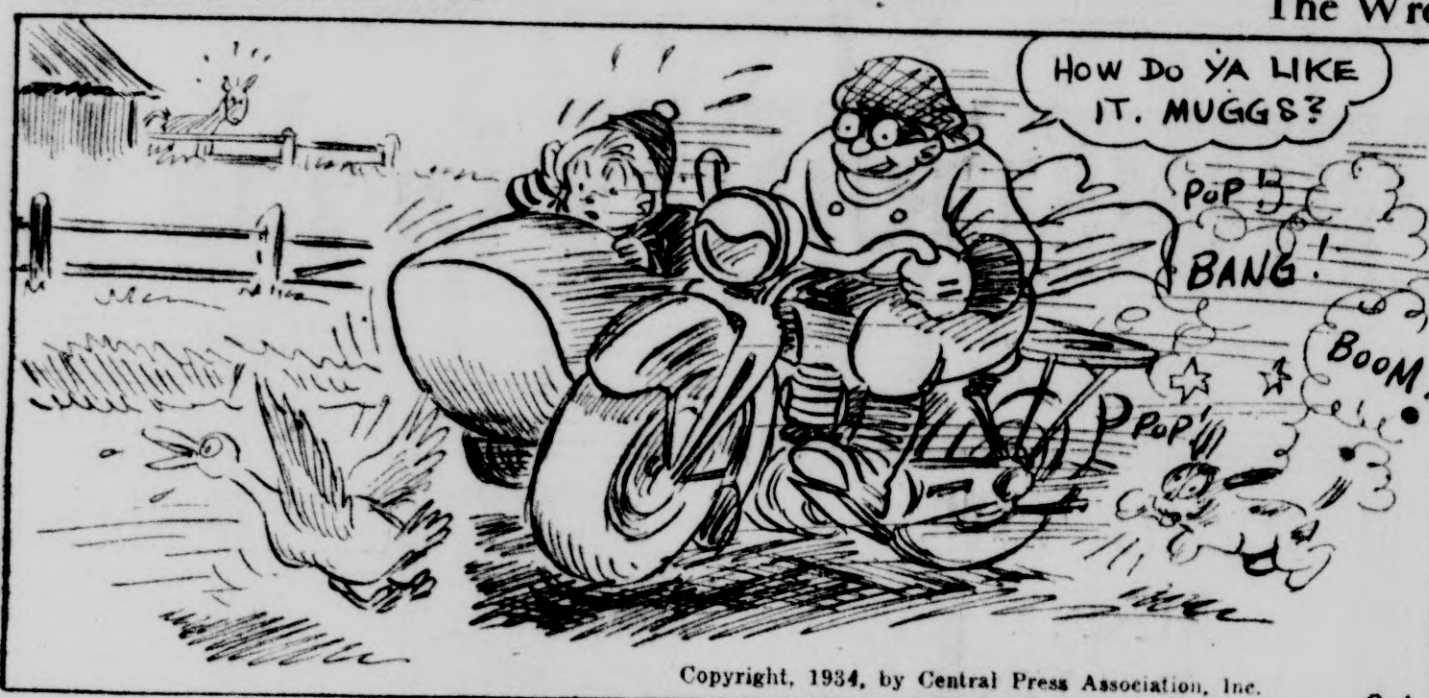

Yankee Pagley, local amateur scrapper, is still with the forest army. He likes it. Another who is with the forest army is Warren Farrow. He is driving a truck at Fort Myer. Billy Joyce, Jimmy Dime's lightweight fighter, is in Youngstown and with the call of spring, may return to Dime's gymnasium. George Chip, former middleweight champion, is on the civil works administration rolls and is working at Cascade park. Tom McMahon, who beat Jesse Willard, wears one of those all white suits in a local beverage parlor and Tony Ross is connected with a regular salary berth in a Pittsburgh place. Clem General, one of the best catchers and outfielders local baseball has had, is through playing as the result of a wound he sustained last year when his hand was cut on a pane of glass. Bill Chill hasn't been seen here in some time but Frankie DeLillo, one of the original of the two boys who used his vocal cords at Taggart field, is singing as much as ever.

Threat Note Is Sent To Dancer

(International News Service)
PITTSBURGH, Feb. 1.—A crude note demanding \$5,000 under threat of death from Ann Pennington, stage star, caused postal authorities to launch an investigation and search for its author today. Bearing the signature "ZX", the extortion demand written on a poor grade of paper said: "Ann Pennington—we want \$5,000 by Monday. We will tell you where to put it. Do not call the police if you do not want to die." According to city detectives, the note was mailed to the actress at a local hotel where she is staying during a personal appearance here.

Junior Order Will Meet This Evening

Local Organization Will Entertain Five District Councils Next Week

A meeting of the Junior O. U. A. M. which will be of interest to all members is scheduled for this evening at McGoun Hall. Matters of importance to the local lodge will be discussed.

Next Thursday evening, February 8 will bring five district councils of the Junior O. U. A. M. to New Castle where a joint meeting will be conducted. The district deputy, William Shell, of Sharon, who was here last week to make plans for the joint meeting will attend as well as representatives from lodges in Oil City, Greenville, Meadville and Sharon. Plans will be made for the class initiation.

Another event of interest to the local organization will be the annual George Washington birthday banquet on February 22.

Stock Market Is Climbing Again

Gains Of 1 To 9 Points Result Of President's Devaluation Of Dollar

MOTOR SHARES WHIRL UPWARD

(International News Service)
NEW YORK, Feb. 1.—Gains of 1 to 9 points in the leading shares were the stock market's enthusiastic response to the president's official devaluation of the dollar today.

A wave of buying at the start continued unabated through the forenoon and the main body of stocks generally maintained their gains in the face of profit taking.

The gold mining shares were the outstanding feature of the day under the leadership of Homestake which jumped 9 points, while Alaska Juneau, Dome and McIntyre scored lesser gains, as a result of the general scramble by all nations for the metal.

The commodity markets also responded to the news in good fashion. The wheat, corn and other grain market rallied about 1 cent a bushel, while cotton ran up 75 cents a bale.

Prime industrial shares were in demand with American Can, United States Steel and Bethlehem gaining from fractions to 2 points.

Railroad shares including New York Central, Southern Railway, Lackawanna and the lower priced issues were taken in enormous volumes for gains.

General Motors, and the other motor shares, were whirled upward with the rest of the list. Similar performances were given by the liquor, specialty, aviation and chemical shares.

Wurtemberg May Use School Rooms In Ellwood City

President And Secretary To Discuss Arrangements With Supt. DeLong

ELLWOOD CITY, Feb. 1.—Pupils that have attended the Wurtemberg Consolidated school, which was completely destroyed by fire Wednesday morning, may finish the rest of their term in Ellwood City, it was learned today.

President James Kirker and Secretary Van Casher of the Perry Township school board were conferring with Superintendent of Ellwood City schools Vaughn R. DeLong yesterday and today, and it is more than likely that the Wurtemberg pupils will finish the remainder of their term in Ellwood schools. Supt. DeLong informed the Perry township officials that the local school system could rent two vacant rooms in the north side building and two in the Ewing Park. As soon as some definite plans of transporting these pupils to Ellwood are made, more definite announcements will follow.

The matter of renting the four rooms in the local buildings for this emergency period to Perry township will be taken up by the local school board at its regular meeting next Thursday.

Phalanx Stag Party Success

ELLWOOD CITY, Feb. 1.—After a brief business meeting the local Phalanx stag party in their lodge rooms in the First National Bank building with 25 members and their friends present.

The evening's program arranged by Ed. Christley and his committee was thoroughly enjoyed by those present. At the conclusion of the games it was found that Theorem Aiken and David Aiken were the winners of the high score awards, and Alvin Simon and John Yanko the 500 awards. Warren McKim won the eating contest with a total of 19 sandwiches.

Later in the evening a luncheon was served by a committee composed of George Hemmerly and Carl Forsythe.

Mrs. Clara Cypher Dies In Hospital

ELLWOOD CITY, Feb. 1.—Mrs. Clara M. Cypher, 52, wife of Richard Cypher, of Brown's Addition, passed away at the Ellwood City hospital at six o'clock last evening following a short illness.

Besides her husband, she is survived by one son, George, at home. Funeral services will be held on Saturday morning at nine o'clock from the St. Agatha Catholic church, with the rector, the Rev. Fr. R. D. A. Wilkey, officiating.

Hearing Postponed On Suit In Equity

The equity suit of Frank Russo against the Aetna Standard Engineering Company of Ellwood City, which was scheduled for hearing at county court this morning, was postponed to a date to be announced later. The case is one in which Russo is seeking to recover damages on the ground that his house has been struck by pieces of iron being lifted by a crane on the company's property.

Shelby Bowlers Lose Last Night

ELLWOOD CITY, Feb. 1.—Shelby Social Club bowlers lost an interesting match to the Calvins of Rochester last night at the latter's alleys. Rochester won the first two games and Shelby the last one. The total score was 2458 for Rochester and 2232 for Ellwood.

J. Abbot and Karns rolled fine scores for the victors. Blythe and Brown were best for the losers.

Not Doing Right By Our Gloria

Gloria Stuart, blond film actress, shown above in two poses, has threatened to turn newspaper woman and go to Shanghai, China, as an escape from what she asserts to be unfair treatment by the movie studio to which she is under contract. Returning from a vacation, Gloria gave vent to her feelings in Hollywood and asserted she had been deprived of the best parts in new pictures and that her studio refused to loan her to other movie companies for good parts in other films.

BOROUGH EMPLOYEES ARE ELECTED HERE

Rumored Changes Are Not Carried Out By Council At Special Meeting

COMMITTEES ARE SELECTED FOR YEAR

No Change In Borough Personnel; Salary Schedule To Come Up Soon

ELLWOOD CITY, Feb. 1.—No change in the personnel of the borough of Ellwood City is in sight for the year of 1934-35, according to action of the local council at a special meeting held last night in their rooms at the city building.

Rumored changes in one or two city departments failed to materialize. Practically the whole borough personnel of last year remains intact.

Borough Manager Lowell W. Monroe and Borough Solicitor J. W. Humphrey were re-elected to their positions without any competition. Although President Alex Main and Councilman A. D. Henderson voiced the opinion that the office of borough manager was no longer necessary, the former stated that several criticisms have come to him from citizens in regards to this matter. Councilman J. E. Powell, former president of the city solons, stated that he was surprised that such criticisms should come, as Mr. Monroe has rendered invaluable service to Ellwood City. He declared that before any more such criticisms are offered, the persons should inspect the borough records and view the work and accomplishments of Mr. Monroe, which speak for themselves. Despite this criticism both men were unanimously re-elected to their offices when the vote was taken.

James Smith, present janitor of the borough building, will retain his position for another year. The application of Pat Boyle was considered for the position. Mr. Smith was re-elected 9 to 1 with Councilman Powell favoring Boyle.

Burgess Judd C. Turner cited a technical angle at this time, stating that there was nothing in the borough code that gave council the power to elect borough employees at every organization meeting, except in the case of a vacancy. President Main disagreed, and declared that council has authority to elect them anytime.

Upon recommendation of the fire and water committee the entire personnel of the local fire department was re-elected. This includes Fire

Chief H. T. Plante and Drivers Harry Wolfe and Robert Henry. Recommendation Filed. Despite a plea and recommendation of the local W. C. T. U. for a change in the police department, the present members were all re-elected. The communication stated that the union was dissatisfied with the manner in which the police department is operated and recommended the promotion of Night Lieut. E. R. Hartman to chief and Patrolman K. M. Musser to night lieutenant. The motion of Councilman Powell to have the communication received and placed on file, was passed by council.

The personnel of the police department will remain intact as follows: Chief, W. C. Morrison; night lieutenant, E. R. Hartman; day lieutenant, James Hayes; day desk sergeant, Fred Henderson; night desk sergeant, Darwin Braden; patrolmen, Chester Young, K. M. Musser and Edwin Clarke. Clark Rice was reappointed as watchman in the fifth ward at this time.

Since there were no vacancies to be filled in the police department the application of James H. Britt was received and placed on file.

President Main delegated the police committee and Burgess Turner to investigate the matter of borough employees not paying their bills. Council was of the opinion that no one should be in the borough employ who does not make an honest effort to meet his obligations.

The following is the recommendation of the board of health: H. H. Reynolds for three years and Henry Eltholtz for four years; Louis Young as health officer, which was passed by council. Council also considered the application of R. E. Linn as street commissioner.

Council elected Paxton Pike and William McGinley to the library board to fill vacancies.

Members of the electric department were also re-elected upon recommendation of the committee. They are: Electrician, William Freidhoff; assistant electrician, E. H. Hutchins; employees, Lester Mortenson and Harry Klingensmith.

Standing Committees. President Main named the following standing committees: Finance, A. J. Howell chairman, R. T. Siler and Thomas A. Wilson; rules and regulations, William McGinley chairman, Clyde B. Houk, James P. Menice; fire and water, James P. Menice chairman, J. E. Powell, Paxton Pike; police, Almond D. Henderson chairman, A. J. Howell, Thomas A. Wilson; health, Clyde B. Houk chairman, J. E. Powell and William McGinley; electric light and gas, R. T. Siler chairman, P. R. Fike and J. P. Menice; streets, Thomas A. Wilson chairman, R. T. Siler, A. D. Henderson; railway and electric lines, J. E. Powell chairman, William McGinley and Clyde B. Houk.

Finishing No. 1 Maintains Lead

Swamp Finishing Number 2 Team Under 41-17 Count At Shelby Wednesday

COLD DRAW BESTS MECHANICS 18-15

ELLWOOD CITY, Feb. 1.—Finishing No. 1 league leaders maintained their grip of first place in the Shelby Inter-department league last night by soundly trouncing Finishing No. 2 by a 41-17 score. In the second game of the evening the Cold Draw defeated the Mechanics 18-15 in a hard fought game.

Led by the giant Ursu and Captain Willie Justine, Finishing No. 1, had much their own way with the holders of the cellar position, who have yet to win a game. The former alone scored eight field goals and one foul for a total of 17 points. Captain Justine registered four field goals and three fouls for a total of 11 points. Zeigler caged three buckets and Johnson two and one foul. Except for the score, 4-4, in the first quarter, the league leaders led throughout. Martin and Frew were best for the losers.

The lead see-sawed back and forth between the Cold Draw and Mechanics. The game was close and exciting throughout. The Cold Draw started out fast and held an 8-4 edge in the initial stanza. In the ensuing period the Mechanics launched a fast offensive, placed them in front 11-10 at half-time. The situation was again reversed in the third quarter when the Cold Draw took the lead 14-12. Both teams were desperate in the final period and presented a stiff defense. Cold Draw outplayed their opponents 4-3 to win the game by an 18-15 score. Lloyd and Frew played a fine game for the winners, scoring 7 and 6 points respectively. Reese and Arnold were outstanding for the Mechanics. This makes the Cold Draw and Office tied for third place.

Two more games will be played on Friday night. Finishing No. 1 will meet the Mechanics and Inspection will play Finishing No. 2.

Annual Supply Bill Reported In Washington

Increase Funds For War On Kidnapers And Crime; Drop Prohibition Costs

CUMMINGS GIVEN STRONG BACKING

(International News Service)
WASHINGTON, Feb. 1.—Increased funds for the government's war on kidnaping and racketeering and a \$12,000,000 savings on prohibition costs were recommended to the house Wednesday by the appropriations committee in presenting the annual supply bill for the department of justice, state, commerce and labor.

The committee gave full backing to Attorney General Cummings, who urged a ceaseless war against kidnapers, racketeers and other criminals.

Increase Proposed
The committee proposed an increase of \$200,500 for the division of investigation, which will make possible employment of more agents and \$136,067 more for the anti-trust division, which is driving to stamp out business and labor racketeering.

The estimated savings of \$12,000,000 in prohibition enforcement is due partly to a disagreement between the justice and treasury departments over methods of protecting dry states and hunting down bootleggers.

New Liquor Plan
The committee reported that President Roosevelt has taken charge of the situation and an ef-

fort is being made to provide a new liquor control plan.

Pending legislative action the committee slashed last year's prohibition enforcement fund of \$8,440,000 to \$225,000. John S. Hurley, chief of the alcoholic beverage section, said that \$4,250,000 is necessary to protect dry states and halt bootlegging.

Because prohibition repeal is expected to cut work of federal courts and reduce the prison population, the committee recommended a reduction of more than \$2,800,000 in the prison fund and more than \$900,000 for fees of witnesses and jurors.

Anti-Crime War
In urging funds to carry on the anti-crime war, Attorney General Cummings told the committee the drive has been successful "but it takes persistence, and if the people want these things done they must be prepared to meet the necessary cost."

Sharply disagreeing with Secretary of Labor Frances Perkins, the committee cut the budget estimate for the federal employment service under the Wagner bill \$2,100,000.

The committee struck out a proposed appropriation of \$7,125,000 to aid diplomatic and other foreign service officers who have suffered from depreciation of the dollar. It recommended an allowance of \$125,000 for this purpose.

The bill as a whole carried on the policy of saving money on ordinary governmental expenditures. The total of \$83,667,272 for the four departments is \$20,902,222 under last year.

The commerce department was given \$32,242,321, a cut of \$4,671,254; labor, \$11,920,805, a cut of \$2,256,000 and the justice department \$28,506,878, a reduction of \$12,724,957.

Bootleggers Being Crushed

However, Illegitimate Liquor Makers And Sellers Will Put Up Battle

GIGANTIC STILLS HAVE BEEN SEIZED

(International News Service)
WASHINGTON, Feb. 1.—Bootleggers are making a desperate fight to retain their hold in the wet states, John S. Hurley, chief of the alcoholic beverage unit of the Department of Justice, informed the House Appropriations committee in testimony made public Wednesday.

Urging funds to maintain a strong enforcement unit, he declared the big bootleggers will not give up without a struggle.

"I might say that much of this violation is going to occur in the so-called wet states," he said. "Our unit, recently, has apprehended two of the largest stills ever seized in this country."

"One had a capacity of 10,000 gallons a year, another 7,000 gallons a year, and one of the plants must have cost \$300,000 to \$400,000 to erect. Stills are erected today in wet territory because their operators feel they are less liable to be seized."

Need Protection
The largest still, he said, was seized at Newburgh, N. Y., to supply wet rather than dry territory.

"They are going to flood wet states, and they are going to be able to sell cheaper than the legitimate dealer, and that being so, they are going to have a market for their product," added Hurley.

"The dry states should be protected; that is a promise of the administration and should be carried out. If communities do not want liquor, the government should provide every means possible to keep it from them, but when the dry states wink at violations and will not cooperate it is best for us to use the money in the areas where the problem can be solved."

Crime Experts Study Clues In Lindbergh Case
The ghostly holes left by the hinges were grim reminders. No putty had been used to fill the aching void.

But why this thudness? The reason was plain. Sheriff Pritchard had changed a railing that ran east and west, so that about eight feet of it on the west end faced north to the wall.

The door had to be rehung to accommodate the change, so that is why the sheriff had to do his hanging with a screw-driver instead of a noose.

"Sheriff Pritchard had his first hanging today," announced Deputy Sheriff Taylor, as a News reporter entered his office today.

The reporter picked up his ears. "How's that?" he inquired. "He hung a door" was the solemn response.

The reporter looked around. Alas, it was too true. One of the doors leading from the corridor to the sheriff's den was hanging from the east jamb, whereas it had hung on the west.

The ghostly holes left by the hinges were grim reminders. No putty had been used to fill the aching void. But why this thudness? The reason was plain. Sheriff Pritchard had changed a railing that ran east and west, so that about eight feet of it on the west end faced north to the wall.
